The Organization

The Ontario Hockey League is a proud member of the Canadian Hockey League which is the largest development league in the world. 20 of the CHL's 60 teams play in the OHL with 17 teams across Ontario, two teams in Michigan, and one in Pennsylvania. Last season more than three million fans attended OHL regular season and playoff games, while over 80% of all games were broadcast live on television across the province. The OHL is a leading supplier of talent to both the National Hockey League and Canadian Interuniversity Sport by offering players the best of both worlds when it comes to hockey and academic goals. 41 players were selected in the 2014 NHL Draft including 10 first round picks, while the OHL awarded over $1.9 million in academic scholarships to both current and graduate players with many OHL alumni.

About the Internships

The Ed Chynoweth Internships are made possible through a generous contribution from the **Daryl K. Seaman Canadian Hockey Fund**.
