

Heritage Society

The Heritage Society recognizes those who have included the Kansas City University of Medicine and Biosciences in their estate plans or who have made other planned gift arrangements in support of the university. These gifts secure a firm foundation for the long-term financial health of Kansas City University of Medicine and Biosciences and for our mission to support students as they pursue degrees in osteopathic medicine, bioethics and biomedical sciences.

Debra S. Albers, D.O.
Dr. Donald and Ellen Arlinsky
