Microsoft 365 accounts for students

As a Canadore College student, you are entitled to use Microsoft 365 while you are enrolled. Each student is assigned an "@canadorestudents.ca" email address before the start of their semester. This account will be available up to 30 days before the upcoming semester if you have completed registration. Students will have access to this email and Microsoft 365 only while they are actively enrolled. If a student is no longer enrolled because - they graduated or are taking a semester break - then their account will be deleted. If they enroll again their account will be reinstated but any previous data will be lost. It is advised students not use their @canadorestudents.ca email to keep important personal information on your account for this reason.

How to determine your Canadorestudents.ca email address

Your email account is based on your Email ID Number which is located in Self-Service.

- 1. Navigate to <u>Self-Service User Login (canadorecollege.ca)</u> and login.
- 2. Select the "Personal Information" tab on the home screen.
- 3. Select "View E-mail Addresses."
- 4. On this page your Email ID is under "Authentication student email."
 - Example of an Email ID: (<u>123456@canadorestudents.ca</u>) Your Email-ID-Number is different from your Student ID number and unique only to your email.

Microsoft 365 Guide

If you have not logged into one of the services listed on <u>page. 3</u>, then your password will be your birthday by default.

It will be in **DDMMYYYY** format.

Example: If you were born January 23rd, 2005, you would use 23012005.

Your Microsoft 365 password is synchronized with the accounts mentioned on <u>"What services use your</u> <u>@canadorestudents.ca email credentials?"</u>, if you change this password while logging into any of these services you use the same password for all these accounts.

If this is your first-time logging into your email, you will be prompted to change your password and set up MFA (**Multi-Factor Authentication**). Your password expires every <u>90</u> days, so make sure to update it regularly or you could be locked out of your account.

Canadore College passwords must be at least **8 Characters** long and have **three** out of the **four** criteria below.

- Uppercase Letters
- Lowercase Letters
- Numbers
- Special Characters Any of the following are acceptable: '-!"#\$%&()*,./:;?@[]^_`{|}~+<=>

Microsoft 365 Guide

Multi-Factor Authentication (MFA)

Canadore is transitioning to using MFA (Multi-Factor Authentication) for all Microsoft related student accounts. This is a security feature to protect the information on your account and meet industry wide standards for Ontario Colleges.

You will be prompted to authenticate with MFA when signing into below services:

- Microsoft Office 365 Apps (Word, Excel, etc...)
- Teams
- OWA (Online Web Access Webmail)
- iLearn
- And any other Microsoft app that uses your @canadorestudents.ca email account

Setting up an Authentication

- When you next log in to your Microsoft account, you will be prompted that "More information is required." Click Next to proceed with the setup. You may be prompted to enter your current password.
- 2. On this screen, select your country code and enter your phone number. Next choose to "Receive a code" or "Call me", click Next.

Accessing Microsoft 365 apps via OWA (Online Web Access)

After logging into webmail at <u>owa.canadorecollege.ca</u> or <u>Office.com</u>, you can access all the apps on the Microsoft 365 suite for students.

You have access to the following Office products with your Microsoft 365 license:

- Word
- Excel
- PowerPoint
- Outlook
- OneDrive

- Teams
- Visio
- OneNote
- Planner
- To Do

The web versions available in the portal allow you to work on your documents from any computer with an internet connection.

Do note the web versions of office apps may not have all the functions of the full desktop version. If you need these features install the desktop version.

Installing Microsoft 365 Locally

You can install Microsoft 365 desktop apps on your own computer.

(This applies to Windows and Mac PCs only)

1. On any web access page, click the app launcher in the top left (Nine Dots).
