

## Coming to Canada Series: Pal and Study Permit

Hello incoming international students!

Welcome to our mini communication series designed to help you prepare for your exciting journey to Canada! Over the next few weeks, we'll be sending you emails on topics such as study permit applications, childcare, housing, travel info, registration, healthcare, and more. Each message will be short and packed with essential information and tips that will help you consider all the details and help you make your plans.

To kick us off, here is the information you need to get your PAL and apply for your study permit.

### Provincial Attestation Letter

If you have a Fall 2024 offer, you may request your Provincial Attestation Letter (PAL) through this [form](#) if you have a valid offer for the Fall 2024 intake.

A few key items to consider:

- Only those who have not applied for their study permit or visa prior to January 22, 2024, will be eligible to request a PAL.
  - If you applied before January 22<sup>nd</sup>, but have been denied, and now require a PAL, you or your agent must upload the refusal letter from IRCC to your ocas account under supporting documents.
- Applicants are now required to pay their full first semester fees in order to receive a PAL.

Once we receive your submission, we will then request your PAL from the Province. Once ready, we will upload the letter under supporting documents on your OCAS application and you will receive a notification. Please only complete the form one time only. Submitting the form multiple times will delay the process.

### Applying for your Study Permit

For the most up-to-date and accurate information about study permits and the application process please visit: <https://www.canada.ca/en/immigration-refugees-citizenship/services/study-canada/study-permit.html> - make sure you follow the instructions carefully and ensure you provide all documentation requested.
