

Subject: Coming to Canada: Bring Your Own Device

To enhance your learning experience, Canadore College requires all students to bring their own device (BYOD). Here's what you need to know:

All students are required to have their own laptop or tablet that meets the technical specifications of their program. This will enhance your learning experience both inside and outside the classroom, allowing you to access course materials, collaborate effectively, and develop essential technological skills.

- Please review the device requirements specific to your program on our website [here](#).
- It is essential that you have your device and necessary software, including Office 365, installed and ready before classes begin. For help to do this, please see [here](#).
- For further details, including the Technology Readiness Guide and other resources, please visit our BYOD webpage [here](#).

We look forward to welcoming you to Canadore College and supporting you in achieving your academic goals!

Still have questions? **Don't miss our virtual information sessions and pre-departure orientation on December 5. Register by clicking [here](#)!**

Stay tuned for the next email in this series – Coming Soon!

From your friendly Canadore International Department
