

Aviation Maintenance Technician

Required Tools for AMT program Fall 2026

In the aircraft maintenance program you will start using your tools immediately. You are required to purchase and bring your own tools. We recommend you purchase good quality tools. If you do not have tools, and plan on purchasing tools in North Bay, please contact one of the vendors listed below a few weeks prior to startup. Bumper to Bumper has the full kit available to preorder. The link is on the Canadore website under the aircraft maintenance program - "Order your tools here". SnapOn tools are available through their corporate rep at a discount. Contact information is listed below.

Applicable tax and freight will be charged to the Customer's Account.

The sale of product is subject to Snap-on Industrial's standard terms and conditions of sale.

Placement of an order is Customer's assent to these terms and conditions and Snap-on hereby objects to any additional and/or different terms, which may be contained in any Customer forms or other documents.

No such additional terms will be of any force or effect.

Custom tool kits, tool designs and prints that have been approved and ordered cannot be canceled or refunded.

The sale of product is subject to Customer meeting Snap-on Industrial's credit approvals.

In an effort to better protect our valued customers, Snap-on Industrial has implemented an AVS (Address Verification System) which requires the correct billing address of the credit card holder, at the time of order, to process any transaction.
