Canadore Student Health Form Instructions

1. **Collect your immunization records**.
   For domestic students, you can obtain your vaccination records from your local public health unit: https://www.canada.ca/en/public-health/services/immunization-vaccines/vaccine-records-access-vaccination-history.html.
   Covid-19 vaccination records can be obtained here: https://www.canada.ca/en/public-health/services/diseases/coronavirus-disease-covid-19/vaccines/vaccine-proof.html#a1
   For international students, collect any/all documentation you can find related to your vaccination history which will help streamline the process as much as possible.

2. **Book an appointment with your healthcare provider.**
   If you do not have access to a healthcare provider, you can receive service on campus through Canadian Shield Health Care Services by booking an appointment. To book, call 705-618-7233 ex.1105, download the CHR Connect app, or use the website https://cshcs.inputhealth.com/ to book directly.

3. **Present the Canadore Student Health Form and any immunization records to your healthcare provider at your first appointment.**
   Ask your healthcare provider to review the requirements with you.
   Determine if any requirements are missing and obtain those requirements.
   This may take several appointments and can take several weeks or months to complete. Once all the requirements have been met, ensure your healthcare provider documents your compliance and initials/signs the Health Form in all of the relevant locations.

4. **Submit your completed Health Form along with your other Non-Academic Requirements per instructions from your Placement Coordinator.**
   For more information, see your program Non-Academic Requirements Package or visit the Placement website: https://www.canadorecollege.ca/programs/Placement/

Remove this page when submitting your Health Form.

Canadore Student Health Form

Student Name: _____ Date of Birth: _____ Student Number: _____

Tuberculosis (TB) Surveillance:

Baseline Two Step TB test is required for all students. TB skin tests are valid for 1 year and must be valid throughout the placement. Each TB skin test is to be read 48 – 72 hours after planting. If you have previously completed a 2 step TB skin test, you will only be required to complete a 1 step test for this academic year. However, you must still provide dates of your previous 2 step test below. If you have previously completed a TB test that was positive, please document your previous tests in section A and then proceed to sections B and C.

SECTION A

TUBERCULOSIS SCREENING Baseline 2-Step Mantoux Test – mandatory	Date Administered	Date Read (48-72 hours from testing)	Results (Induration in mm)	HCP INITIALS
Baseline Step 1:	YYYY/MM/DD	YYYY/MM/DD		
Baseline Step 2:				
Annual 1-Step TB Skin Test (Valid only with proof of previous negative Baseline 2-Step Skin Test				

A chest X-Ray is required only with a positive TB Skin Test. If a chest X-Ray assessment was completed more than 1 year ago, complete both sections B and C.

SECTION B

Chest X-Ray Date:	Chest X Ray Result	HCP Assessment	HCP INITIALS
YYYY/MM/DD	☐ Positive ☐ Negative	☐ No signs and symptoms of active TB ☐ Further assessment needed	

SECTION C To be completed if Chest X ray is more than 1 year old.

HCP Assessment Date:	HCP Assessment	HCP INITIALS
YYYY/MM/DD	☐ No signs and symptoms of active TB ☐ Further assessment needed
