[Click here to register!](#)

This hands-on interactive Institute introduces the latest versions of [AI Tutor Pro](#) and [AI Teaching Assistant Pro](#), developed by Contact North | Contact Nord's AI Innovation & Development Lab.

TAKEAWAYS

Hands-on experience with latest versions

Work directly with the newest versions of Contact North | Contact Nord's free apps, AI Tutor Pro and AI Teaching Assistant Pro, with these recent features:

AI Tutor Pro

- Interactive Voice Tutor
- Verified STEM Answers
- AI Learning Agent

AI Teaching Assistant Pro

- Syllabus Q&A Tool
- AI Study Guides

Practical tools for teaching and learning

See how these apps can support student engagement, simplify course content creation, and strengthen academic integrity.

Teaching applications you can use right away

- Provide tutoring on almost any topic in multiple languages
- Create course syllabi, assessments, and other instructional materials
- Support student engagement through personalized tutoring link
- Use trusted academic resources such as OpenStax
- Protect privacy and intellectual property
- Generate AI-supported learning video
- Integrate AI Tutor Pro into LMS environments

REGISTER NOW EVEN IF YOU CANNOT ATTEND LIVE

All registrants receive the link to the Zoom recording after the event.

Register now for free:

INVITE YOUR COLLEAGUES!

Participants are encouraged to invite their colleagues to register, as there will be opportunities for institutional team collaboration.

WHO SHOULD ATTEND?

This Institute is ideal for:

- **Faculty** – Integrate AI into teaching strategies and student engagement.
- **Instructional Designers** – Build AI-enhanced learning materials and assessments.
- **Teaching & Learning Centre Staff** – Support faculty in AI adoption and implementation.
- **Online & Hybrid Educators** – Improve student participation using AI-powered tools.
- **Academic Administrators** – Understand AI's role in enhancing student learning and ensuring academic integrity at all levels.
- **Past Institute Participants and Experienced Users** – Learn about new features and ask questions you've always wanted answered.

NO PRIOR AI EXPERIENCE REQUIRED

This session is designed for participants at all levels.

ABOUT THE PRESENTER

Dr. Ron Owston is Research Associate, AI in Higher Education, at Contact North | Contact Nord.

He leads the development of AI Tutor Pro and AI Teaching Assistant Pro.

He is University Professor Emeritus, former Dean of Education, and founding Director of the Institute for Research on Learning Technologies at York University.

He has published widely in educational technology, spoken at conferences in Canada and abroad, and is among the most cited blended learning scholars according to Google Scholar.

EXCLUSIVE PARTICIPANT BONUS

- Earn a Contact North | Contact Nord participation badge.
- **Eight free learning short credits:** Start creating AI-powered videos
- **Priority support:** Get prompt assistance to ensure smooth implementation of these tools in your courses.
