

Welcome to Access and Inclusion

Making the transition to college can be exciting yet challenging.

We are here to support you through your experience!

How Can We Help?

We're here to connect you to the appropriate services both on and off campus, come up with solutions for any challenges and barriers, and provide the best support we can in order to help you achieve your goals both academically and personally.

We also help facilitate campus celebrations, promote various campus events, offer customized classroom presentations and workshops, preferred name change requests, and much more!

What is a First Generation Student?

A First Generation (FG) student is one whose parent(s)/guardian(s) has/have not attended a postsecondary institution. If a sibling of the student has attended a college or university, but the parent(s)/guardian(s) have not, the student is still considered a FG Student.
