

Non-Academic Requirements for Placement Early Childhood Education – Second Year Students 2024- 2025

Non-academic requirements are medical and non-medical requirements needed for students to be cleared to attend placement. To obtain 'clearance' for placement, you will be required to submit your non-academic requirements to your Placement Coordinator via your iLearn course shell. **Students will be advised by Faculty and/or the Placement Coordinator of the appropriate iLearn course shell to which requirements can be uploaded. Contact your Placement Coordinator if you have any questions or concerns.**

DEADLINES

September 6, 2024

After your deadline has passed, the Placement Office will review statuses. **If you fail to achieve clearance by the posted deadline, you will receive an email from the Placement Office advising that you have failed to meet your non-academic requirements. As such, you will not be able to proceed with placement and you will have to wait for the next offering to register again. This is likely to cause delays in your progression in the program and is likely to result in additional fees.**

*If there are extenuating circumstances surrounding your inability to achieve clearance by the posted deadline, contact the Placement Office by responding to the Placement Office email that you received indicating your non-compliance to discuss.

INSTRUCTIONS

Make sure you have reviewed the list of non-academic requirements in the table below and have planned out when and how you will be completing them. Refer to the *Non-Academic Requirements Checklist* below for a complete list of your requirements. Visit Canadore's [Placement webpage](#) for information on [how to obtain your requirements](#). It is important to remember that some requirements may take an extended time to complete.

Please ensure your medical requirements are valid throughout your placement period. Non-medical requirements must be valid on your first day of placement.

Students are responsible for meeting minimum non-academic requirements to proceed onto placement. All costs and service fees associated with obtaining non-academic requirements for placement are the sole responsibility of the student.

Upload all required documentation (listed in the table below) to the iLearn course shell per instructions from your Faculty and/or Placement Coordinator. Ensure that all requirements have been met.

After the deadline has passed, you will receive an email indicating that either: (a) you have met all non-academic requirements and are approved to proceed with your upcoming placement experience, or (b) you have failed to meet the non-academic requirements and thus may not proceed to placement. If you fail to meet the requirements, details will be provided as to which requirement(s) was not met.

Note that if a community agency is unwilling to accept your positive VSC for placement, you may not be able to fulfil the placement component of your program and therefore may not be able to complete your program. Canadore is not able to require our agency partners to support students that have a positive VSC – this is done at the sole discretion of agencies.
