

## **How to Submit Non-Academic Requirements**

### **Faculty of Human and Social Sciences**

Non-Academic Requirements shall be submitted to the Placement Coordinator via an iLearn course shell. Once in the course shell, click the **Activities** menu tab at the top and select **Assignments (Dropbox)**. In the Dropbox, you will find relevant folders for submitting your requirements. For support in navigating iLearn, click here: [Student Resources - Canadore College](#).

**Students will be advised by their Faculty and/or Placement Coordinator on which iLearn course shell will be used for the submission of non-academic requirements. Contact your Placement Coordinator if you have any questions or concerns.**
