Canadore College Student Achieves Success at 2025 Skills Ontario Competition

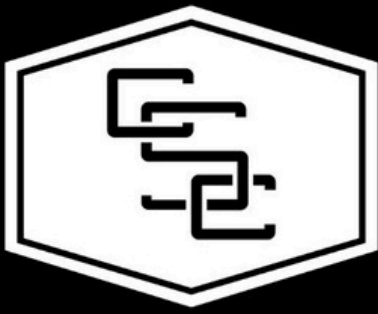

Canadore College continues its strong tradition of excellence in Aviation at the 2025 Skills Ontario competition. Olivia Wood, a third-year student in Canadore's Aircraft Maintenance and Avionics program, returns to campus with a silver medal. Her success continues a long-standing tradition of recognition for Canadore's Aviation programs, which is proudly displayed through banners at the College's Aviation Campus.

The Skills Ontario competition features more than 70 contest categories, including aviation, culinary arts, and various skilled trades. The event provides students with the opportunity to demonstrate the practical, career-focused skills they have acquired through their studies.

Five students represented the College in the Aviation, Culinary, and Mechanical Engineering Technician/Technology categories.

"We are very proud of the students who step onto the provincial stage every year to demonstrate what they've learned at Canadore," said George Burton, President and CEO. "Our programs are market driven and designed to equip students with the hands-on skills companies demand. Congratulations to Olivia and thank you to everyone for representing Canadore with excellence."

OUR PATH TO 2031

Sustainable Canadore is Canadore College's commitment to be eco-friendly and socially responsible. It's about protecting the planet, helping people, and fighting climate change in everything the college does—on campus and in the community.

The Sustainable Canadore Student Guide is your quick-start to living greener and making an impact at Canadore. With easy tips for cutting waste, saving energy, choosing sustainable transportation, and joining campus projects, it supports our goal to be carbon neutral by 2031 and bring the UN's 17 Sustainable Development Goals to life here on campus.

Every small action matters—follow the guide and be part of the movement shaping a better, healthier future.

SAVE THE DATE!
GLOBAL GOALS WEEK
SEPTEMBER 19-28

Join us for a week of action, awareness, and impact as we spotlight the Sustainable Development Goals (SDGs).

EXCITING DETAILS COMING SOON!

FILL IT FORWARD – EVERY REFILL COUNTS

Make a difference with every sip! Reusable bottles are available on all campuses for just \$1, with every dollar going directly toward student bursaries.

Each time you scan your bottle, you're not only tracking your personal environmental impact—reducing ocean pollution, waste, energy use, emissions, and land use—you're also donating up to \$1 per scan to global charities.

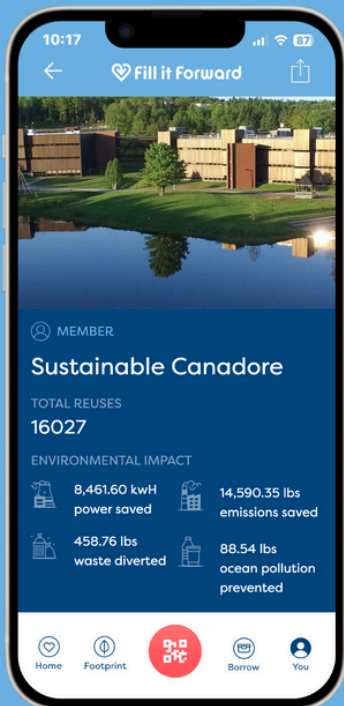

Thanks to the Canadore Students' Council and everyone who has joined the movement, we've already surpassed 16,000 scans! This year, we celebrated 3 Climate Champions with \$500 bursaries, and proceeds will fund even more bursaries in 2026.

Pick up your bottle today at:

- Aviation: Admissions Office
- College Drive: Twiggs Coffee Roasters
- Commerce Court: Security Office
- Parry Sound Campus: Main Entrance

Let's keep refilling, reusing, and reshaping our future—together!

16,027 total reuses
