NOTE • College-to-college comparisons (ranking) could produce misleading results because of college size, local employment conditions, program mix and graduate demographics. The data from each college should be considered on their own.

* The 2021-22 KPI graduation rate is based on students who started one-year programs in 2019-20, two-year programs in 2017-18, three-year programs in 2015-16 and four-year programs in 2014-15, and who had graduated by 2020-21. The 2021-22 KPI graduation rate is based on students who were funded through the college funding framework, the Second Career program or the co-op apprenticeship diploma.
