American Language Institute Mission & Goals

American Language Institute Mission Statement

The American Language Institute (ALI) is a unit within the College of Professional and Continuing Education (CPaCE) at California State University, Long Beach (CSULB). The ALI is dedicated to providing a welcoming and safe learning environment where students build language proficiency, cultural competence, and lifelong communicative skills for global success.

The ALI offers a variety of semester and short-term English language programs that help students reach their academic and professional goals including pathways to degree programs and customizable programs that meet the needs of the local and international community.

Our Goal is Your Success!

The goal of the ALI is to help you improve your English so that you can be successful in your academic and professional careers. Our experienced and friendly faculty will use the best methods and materials in the classroom. In order to help you meet your goals, you will be challenged to actively use English in writing, reading, public speaking, and conversation.

The ALI expects that you will come to each class on time and prepared for the day's lesson. We encourage you to attend the Conversation Lab and the Student Life Activities, both on and off campus, to make new friends and practice your English. We also provide a Homework Lab to support you with all your academic needs.

American Language Institute Staff & Faculty

Staff

Jacqueline Record, Director – Jacqueline provides overall administrative and strategic leadership for the American Language Institute. She oversees the general operations, staff, and faculty, and she works closely with the ALI team to streamline and implement policies and procedures. She is responsible for the ALI strategic program development and leads marketing, public relations, and outreach promoting its aims.

Janeth Mendoza, International Student Advisor – Janeth works with new and incoming students to make sure they are prepared to study at the ALI. Current students who have questions about their I-20s, visas, travel, or official university records should make an appointment with Janeth. Janeth also works with ALI students who need help applying to degree programs at Cal State Long Beach.

Denay Ponce, Operations Coordinator – Denay is responsible for supporting the daily operations of the ALI office. She assists with enrolling students, processing invoices, scheduling classrooms, arranging hospitality for events, and processing reports. In addition to providing services for students, she assists with providing administrative and technical support for the faculty and staff.

The ALI Staff Office is in CPACE 204 and ALI Faculty Office is in CPACE 203. The College of Professional and Continuing Education (CPaCE) office is located in the Foundation Building (FND) 104 and moving to FND 280 in the fall. We encourage you to contact us directly for our in-person office hours or request a virtual meeting via Zoom by emailing: CPaCE-ALIPrograms@csulb.edu or submit a 'Contact Us' online request form by [clicking here](#).

Program Coordinators

Each ALI program has a program coordinator who is responsible for choosing textbooks and setting the curriculum. The program coordinators are:

- Jennifer Nolasco, IEP & PREP Coordinator
- Courtney Stammler, Student Success Team, Special Programs & Credit Coordinator

Faculty

Your instructors are committed to helping you improve your English and reach your goals. Email is the best way to contact faculty outside of class if you have any questions. Your teacher's email will be on your **class syllabus**. If you have any concerns with your class, you should speak to your instructor first to resolve the issue.

*Your teachers will give you a **Class Syllabus** on the first day of class. This is a very important document. You can always find your syllabus, course outline, and other important documents on Canvas.*

Student Assistants

You will meet many CSULB students who work with the ALI office and at the Center for International Education. They love to help international students with general questions.

Conversation Partners

Conversation Partners are CSULB students who visit ALI classes and participate in activities in order to help ALI students practice their English. This is a great opportunity for ALI students to make friends and learn more about life as an American university student.

American Language Institute Programs

Intensive English Program (IEP)

The IEP is offered in the Fall and Spring and Summer sessions. The fall and spring sessions are 15 weeks with 23 hours per week of study. The summer session is 12 weeks with 27 hours per week of instruction.

The Intensive English Program (IEP) is a 7-level program which emphasizes preparation for academic work at the college level. This program is offered three times a year: Fall (August), Spring (January), and

an optional Summer Session (May). Students may begin in any of the three sessions and continue year-round. All levels of English learners are welcome. Please see page 11 of this handbook for information about level placement procedures.

The IEP curriculum is specifically tailored to prepare our students for rigorous academic studies. Each class at each level has a set of specific objectives which must be met for the students to continue to the next level. Before receiving the English Proficiency waiver and entering the university, students learn how to write academic essays and research papers in their Reading/Writing/Vocabulary class, are held accountable for advanced grammar in their Grammar class, and learn how to give speeches and take notes on lengthy college lectures in their Listening/Speaking class.

Each level of the IEP takes one session. There are two points of program completion: Level 4 for undergraduate students and Level 6 for graduate students. Please note that undergraduate students are welcome to continue in IEP Level 5 and 6 for more preparation if they choose. If a student starts in the first level, Foundation, it will take 5 sessions to complete Level 4, the last level required for undergraduate admission to CSULB. This will take 2 years including 1 summer session to complete. It will take a student 7 sessions to complete Level 6, or 2 and a half years including 2 summer sessions.

Graduate Business Preparation Program (GBP)

Offered in the Academic Year only. The fall and spring sessions are 15 weeks with 25 hours of instruction per week.

The Graduate Business Preparation Program (GBP) is for international students with advanced English skills who are preparing for entrance into a graduate business degree program in the United States. Each semester, students focus on important topics including management, finance, marketing, and entrepreneurship, all with an emphasis on international business and ethics. Students examine contemporary case studies, complete team projects, and analyze today's business trends and practices, all while improving their academic communication and Business English skills as well as preparing for the GMAT or GRE. Students learn about GBP programs in the area and benefit from special events and opportunities for career planning and professional development.

Intensive Preparatory Program (Spring Prep)

Intensive Preparatory Program is only offered in the spring. Students who enroll in Spring Prep must enroll in classes in the subsequent semester to maintain their immigration status.

Spring Prep is a 6-week program with 23 hours of instruction per week. The program is designed for students who desire intensive academic English training. It is ideal for students who have less than two months to study, or for those who want to get a head start before transitioning into the Intensive English Program.

During the Spring Prep, students develop their communication skills, academic skills, and cultural awareness through 23 hours per week of study. In Reading/Writing class, students will learn paragraph and essay writing, reading skills and comprehension, and vocabulary skills. In Listening/Speaking class,

students will learn listening and note taking skills, presentation skills, and communication strategies. In Grammar class, students will develop skills in grammar forms and how to utilize them in writing and speaking. In Culture class students will learn about American culture and make comparisons with their own and other cultures.

Short-Term Language & Culture Program

Offered in summer and winter (*The Winter Boost option requires concurrent enrollment in the Spring Intensive English Program (IEP). Students enrolling in this option will continue to the Spring IEP.*)

Summer Language and Culture programs are 3 weeks with 23 hours of instruction per week. Winter Boost is 2 weeks with 20 hours of instruction per week and is only available to students continuing in Spring IEP as full-time students.

The Language and Culture Program is offered for international students who want to improve their English language communication skills, while also learning about American culture. Students can choose to study in this short-term program only or easily transition to the semester-long Intensive English Program afterwards.

Student Activities

The American Language Institute offers students many enjoyable activities throughout the semester. All students are encouraged to take advantage of these opportunities to make friends, practice their English, and enjoy the Southern California community. Your teacher will remind you of important events through announcements and flyers.

*Did you know that the ALI is active **on the Canvas Student Life page?**
The Student Life page includes upcoming activities and important announcements!*

New Student Orientation

All new ALI students attend one or more days of orientation. During this time, you will learn all about your program, the classes you'll be taking, and the many opportunities and resources available to you here at California State University Long Beach. You will also meet ALI staff and faculty as well as your classmates.

Off-Campus Events

Throughout the semester ALI students will have the opportunity to see what beautiful Southern California has to offer. Take advantage of these activities, whether it's kayaking around Alamitos Bay or going to an exciting American sports game! Almost all of these activities are free for ALI students, but you may need to pay bus or transportation costs to attend. If there is any additional cost, we will inform you in advance.

End of Semester Celebration

On the last day we come together to recognize all of your hard work and success. It is a time for you to say goodbye to your classmates who might be moving on to a university or returning home. Student speeches and a slideshow make this a very memorable event to end the semester. Students who have successfully completed and passed all of their courses are awarded a Certificate of Completion after final grades are completed.

General Release of All Claims

Per the ALI Student Conduct Agreement and Program Policies forms students sign in the pre-arrival orientation, the following release applies to all activities in ALI.

In consideration of my participation in the American Language Institute voluntary activities, I hereby agree to assume all risk of any kind of injury and damage. I may receive or sustain as a result of my participation, including property damage, personal injury or death. Accordingly, by signing below, I hereby completely release and hold harmless and forever discharge the State of California; the Trustees of the California State University; California State University, Long Beach; and the employees, officers, volunteers, and agents of each of them, from liability from responsibility for any and all claims, damages, injuries, losses or causes of action that my result from or arise out of my participation in the activities. I also understand and agree that this release shall be binding as against my heirs and assigns.

ALI Student Policies**English Level Placement and Completion**

The ALI will ensure you are placed in the correct English proficiency level. This means that you will be in a class that is challenging but not overly difficult.

Intensive English Program (IEP)

Initial placement in one of seven levels is determined by the ALI Placement Test, which is administered online before orientation. Following initial placement, a set of diagnostics exams are completed in Week 1 to confirm placement. Students can request a level change in Week 1. The program coordinator and director will review your diagnostic results and inform you of any changes at the end of Week 1. Students continue through the levels in sequence. To be promoted to the next level in any class, you must pass the class with a grade of “C-” or higher. For more information about grades, see Appendix A-C at the end of this handbook.

To receive a Certificate of Completion in Levels Foundation, 1, 2, 3, 4, 5, and 6, you must receive a minimum grade of “C-” in all classes.

Intensive Preparatory Program (Spring Prep)

Placement is determined by the ALI Placement Test, which is administered during orientation. A student’s placement is solely based on the outcome of the placement test given online before

orientation. All students receive a Certificate of Participation at the End of Semester Celebration. To receive a Certificate of Completion at the end of a term, students must pass all classes with the grade of “C-” or higher. Grades received at the end of the Intensive Preparatory Program do not affect the student’s placement in the Intensive English Program.

Graduate Business Preparation Program (GBP)

To receive a certificate of completion in the Graduate Business Preparation Program, you must receive a minimum grade of “C-” in all courses and modules.

Short-Term Language & Culture Program

To receive a Certificate of Completion at the end of a term, students must pass all classes with the grade of “C-” or higher.

Grade Appeal (IEP/PREP/GBP)

Students must schedule an appointment with their instructor to review the course grade in question. If students wish to take the appeal further, they must schedule an appointment with the program coordinator. If the issue has still not been resolved, the student may ask to schedule an appointment with the director.

English Proficiency Waiver (IEP)

Successful completion of Level 4 of the American Language **Intensive English Program** fulfills English language admission requirements for CSULB undergraduate programs. Successful completion of Level 4 means passing all classes with a minimum grade of “C-.”

The ALI English Proficiency Waiver is also accepted by these local community colleges:

- Long Beach City College
- Cypress College
- Orange Coast College
- Golden West College
- El Camino College
- Mt. San Antonio College

Successful completion of Level 6 of the American Language Institute Intensive English Program fulfills English language admission requirements for *most* CSULB graduate programs. Successful completion of Level 6 means passing Integrated Skills with a minimum grade of “C-.” Students who do not pass Level 6 Integrated Skills will repeat the course (see probation policy on page 12 of this handbook).

To be eligible for the IELTS/TOEFL waiver at CSULB or partner schools, you must receive a letter of Academic Eligibility from the relevant school.

Do you need information about applying to the university? Come see the ALI International Student Advisor, **Janeth Mendoza**! You may also email her at Janeth.Mendoza@csulb.edu

Attendance Policy

The American Language Institute wants all students to be successful. The best way to improve your English and adapt to your new life in the United States is to attend all of your ALI classes. This includes:

- Attending in-person sessions if you are in the US
- Completing assigned work by the due date
- ALI expects 100% attendance and punctuality (Attendance and late arrivals are recorded in every class)
- Students who have repeated absences must meet with an advisor and may be put on W
- Students who fail to attend at least 80% of their classes may be dismissed from the American Language Institute*

*This may affect the immigration status of students with F-1 visas.

Probation Policy

Like the university, the American Language Institute requires students to demonstrate academic progress throughout the program. ALI students have many ways to receive help to improve their English and pass their classes. There are many reasons a student might not make satisfactory progress in their studies. Each ALI program has a Probation Policy that states what ALI students must do in order to remain enrolled in the institute.

PROBATION: a time when students have a second chance to improve their grades or behavior.

留校察看 مراقبة thời gian tập sự 집행 유예

保護觀察 การคุมประพฤติ

Intensive English Program (IEP)

IEP students are placed on probation if they have failing grades, poor attendance, or display unacceptable behavior. If you are placed on probation, your Student Success Team Advisor will explain what you will need to do throughout the semester. For example, you may be required to attend the Homework Lab and/or meet your advisor on a regular basis.

If your grades, attendance or behavior remain unacceptable during the probation period, you may only be allowed to enroll with the approval of the director. The director will meet with you and

review your grades, attendance and conduct prior to making a determination. Students may not repeat a level or course more than once.

Intensive Preparatory Program (Spring PREP)

If you have failing grades, poor attendance, or unacceptable behavior, you will be placed on probation during the term. If your attendance or behavior remains unacceptable during the probation period, you will not be allowed to enroll in other ALI programs.

Graduate Business Preparation Program (GBP)

If you receive a grade in the first half of the semester which is lower than “C-“, have poor attendance, or display unacceptable behavior, you will be placed on probation. If your grades, attendance or behavior remain unacceptable during the probation period, you will not be allowed to re-enroll in the GBP Program in future semesters.

Short-Term Language & Culture Program

If you have failing grades, poor attendance, or unacceptable behavior, you will be placed on probation during the term. If your attendance or behavior remains unacceptable during the probation period, you will not be allowed to enroll in other ALI programs.

Health Insurance

Students on F-1 visas must enroll and maintain health insurance coverage offered by Alliant through the International Student Health Insurance group policy and the carrier/plan **UnitedHealthcare (UHC)** before classes begin to avoid the risk of very high financial obligations uninsured students face. The coverage includes breaks while in the U.S. If a student fails to enroll and maintain the required health insurance coverage, he/she will not be enrolled in classes and therefore, not be able to participate in the program, which may result in violation of his/her immigration status. Students on special government scholarships do **not** need to purchase health insurance if their scholarship includes all medical costs. Students on government scholarships will be required to show a valid sponsorship letter and proof of enrollment.

You can purchase your UnitedHealthcare(UHC)insurance on-line at the following web address: <https://www.uhcsr.com/>. Type in California State University - Long Beach. Find full enrollment steps in your Canvas course.

*Students **must** show proof of insurance, e.g., enrollment confirmation email before they receive a class schedule.*

Health care in the U.S. can be very expensive, and students can be personally responsible for the very high costs of medical care if they do not

purchase insurance. Routine medical care can cost hundreds of dollars, and hospitalization can cost thousands of dollars.

CSULB Immunization Requirements

- **Measles, Mumps, and Rubella (MMR):** Two doses on or after the first birthday **OR** laboratory test to show proof of immunity (titer). If you have both an immunization and titer, please upload the immunization record only, not both the immunization and the titer.
- **Varicella (Chickenpox):** Two doses on or after the first birthday **OR** laboratory test to show proof of immunity (titer). If you have both an immunization and titer, please upload the immunization record only, not both the immunization and the titer. Students who have contracted Varicella (Chickenpox) disease will be required to have Varicella IgG titer blood testing. Since having the disease isn't acceptable proof of immunity, if the blood test shows that they **DO NOT** have immunity they will require 2 doses of the Varicella vaccine 28 days apart. If the blood shows immunity, then the lab report is acceptable proof. **Housing students only.**
- **Tetanus, Diphtheria, and Pertussis (Tdap):** One dose on or after the age of 7 years. A single dose (I) of the Tdap (Tetanus, Diphtheria, Acellular Pertussis) vaccine given at the age of 7 years old or older is required. We accept either the Boostrix or Adacel. They are FDA approved in the United States. **Housing students only.**
- **Hepatitis B:** Students 18 and younger.
- **Meningitis ACY-W (Menactra , Menveo or MenQuadfi):** Required for all students 21 and younger and required for all housing students (regardless of age). One dose on or after the age of 16. Doses given to the students prior to 16 years old is NOT acceptable.
- **Meningitis B (Trumenba or Bexsero):** Required for **Housing students only.** Students who will be living in housing must complete all doses prior to moving into housing.
- **Tuberculosis (TB) risk questionnaire*:** Incoming students who are at higher risk for TB infection should undergo either skin or blood testing for TB infection within 1 year of entry into CSULB. New students are required to complete the TB Questionnaire, located in the [Patient Portal Links to an external site.](#) from their [student accounts Links to an external site.](#), under the clearance section. Depending on their answers to the questions, they may be waived or prompted to show proof of either a Negative TB skin test/TB Spot test, Chest Xray, OR Quantiferon Gold blood test.

You may find more information about the requirements here: [CSULB – Immunizations.](#)

If a student does not have proof, he/she may need to get these immunizations at Student Health Services on campus for an [additional cost](#) or contact their health provider. If a student does not receive immunization clearance by the SHS center deadline, he/she will be required to sign a letter of agreement issued by the ALI director, with an immediate due date, agreeing to meet the deadline. If he/she fails to comply, he/she will be dismissed from the ALI program, resulting in violation of his/her immigration status.

*Please note: Students will not be issued a CSULB ID number and campus email address and access to activate their student accounts and Canvas until 1-2 weeks after they receive admission. They will receive an email from campus with the information required.

Students will NOT meet the CSULB Immunization Requirements until all the above has been fulfilled.

If you have any other immunization requirement questions, contact the nurse at the Student Health Services center at: SHS-Vaccine@csulb.edu

Tuition and Refunds

New students must pay tuition in full prior to attending IEP classes, at the latest on the Friday of IEP Orientation week. Continuing students must pay tuition for the next semester before classes begin. Students failing to pay tuition by that deadline are not guaranteed placement in the IEP. If a student is expecting a Financial Guarantee but does not yet have it, he/she must pay tuition with his/her own funds and request a reimbursement after the Financial Guarantee arrives. A \$50 late fee is applied to all students who are late in paying tuition.

The ALI application and deferral processing fee is non-refundable. Tuition refunds follow the CSULB Policies and calendar. To submit a refund request, contact the ALI office. Contact our office to inquire about a health insurance refund at CPACE-ALIPrograms@csulb.edu

The ALI offers various excursions and activities every session. Most activities are included in the tuition. However, there are some optional activities that may have a fee that is not included in the tuition. If there is a cost for an optional activity, it will be announced in advance and students can decide if they want to participate.

Student Conduct

Academic Integrity, Plagiarism and Appropriate Documentation:

All work that you submit must be your own original work. Using the ideas or words of another person or source as if it were your own is plagiarism: this includes the use of AI tools, the use of any translation program, or the use of others' work without proper attribution.

AI (Artificial Intelligence) Tools:

Each ALI faculty member will provide a policy for acceptable use of AI on the course syllabus. The policy may prohibit or limit use of AI for course work and assignments. Please refer to each syllabus for further details.

The ALI is committed to helping all students succeed. Having a positive learning environment is important for everyone. All CSULB students, including ALI students, are expected to follow the same basic rules. To be successful in our program,

1. Be on time for all classes.
2. Actively participate in classes.
3. Check your email every day. This is how we communicate with you.

5. Turn in your homework on time.

6. Use the ALI Student Life page for information about health, studying and student success
7. Let us know whenever you have a question. We're here for you.

1. Disrupting or interfering with the learning environment
2. Use of cell phones other than teacher-directed activities
3. Any kind of discrimination toward students or teachers
4. Verbal or physical violence against students or teachers, including bullying
5. Use of violent or threatening language verbally or in writing
6. Dishonesty, cheating, plagiarism, lying to teachers, or misuse of university documents*
7. Misuse of university computers or equipment
8. Disorderly or obscene behavior including sexual harassment
9. Theft or damage of university property

Complaints, Concerns, and Suggestions

The ALI faculty and staff want all students to have a good experience in the program. If you have a complaint, concern, or suggestion, please let us know. You can talk to your teacher and advisor. You may also visit the ALI office in the CPACE 203 and talk to a staff member there or email us at CPaCE-ALIPrograms@csulb.edu.

Further, ALI follows the [CEA Standards \(The Commission on English Language Program Accreditation\)](#) and complaints can be filed: [Complaints - The Commission on English Language Program Accreditation](#).

Your F-1 Student Visa

Maintaining Your Student Visa

ALI students who entered the country with a student visa (F-1) must maintain their status. That means they must always be enrolled in a full-time program, have acceptable attendance, and progress and communication through the program.

Travel Outside of the US

Students may travel outside the U.S. only during ALI vacation periods and weekends. At least 10 days before your departure, request a travel signature by going to the [ALI website](#), click on the [request link](#) and submit your request. Your electronically signed Form I-20 will be emailed to you with a travel signature on the 2nd page of the I-20 before your travel date. A travel signature is valid for one year.

If you need to return home for an emergency, email the ALI Office immediately about your emergency. If you are an F-1 visa student, you will also need to click on the [request link](#) and submit a ALI Travel Signature Request for your return to the U.S. The DSO will review your request and provide approval for your return to classes. Your request will be processed, and your Form I-20 will be emailed to you with a travel signature on the 2nd page of the I-20. Your DSO will provide further advice depending on your situation.

If you are taking a holiday trip to Mexico, Canada, or another country, we advise that you check the website of the U.S. consulate or Embassy of the country you wish to visit regarding the required visas or permits. Please note: The SEVP (Student and Exchange Visitor Program) policy for annual vacation for F-1 students is outlined in 8 CFR 214.2(f)(5)(iii) and further clarified in SEVP Policy Guidance I306-02.

- **Eligibility:** An F-1 student becomes eligible for an annual vacation after completing one full academic year at an SEVP-certified school. An academic year in clock hour programs such as the ALI is equivalent to completion of at least **26 weeks of instructional time**.

Transferring to a different School

If you decide to transfer to another school after attending an academic year, first consult with your DSO to determine eligibility. The next steps include applying and receiving acceptance to your new school. To request a transfer of your student record, submit the request online from the ALI website:

1. Complete the [complete the online International Student Document Requests form](#)
2. Upload your transfer form and/or acceptance letter from the new school.
3. The start date of the next term at the new school and school code.
4. Once the request is received, the International Student Advisor will contact you for further information.

Important Update on International Student & Scholar Regulations

On July 17, 2026, the U.S. Department of Homeland Security (DHS) published its final rule eliminating "Duration of Status" (D/S) for F-1 and J-1 visa holders. Taking effect on **September 15, 2026**, this regulation transitions visa holders to fixed admission periods.

While no immediate action is required for most incoming students, the new DHS Duration of Status rule may affect future program extensions and transfers, international travel, and the amount of time students may remain in the U.S. after completing their program.

Students are encouraged to review the information carefully and contact the ALI office with any questions regarding their individual circumstances at CPACE-ALIPrograms@csulb.edu.

Please review our [FAQ guide](#) to learn how these changes impact I-94 end dates, program extensions and transfers, grace periods, and travel guidance.

Reduced Course Load (RCL) due to Medical illness, Injury or Condition

Schedule a meeting with your International Student Advisor/DSO to determine eligibility.

For questions regarding your immigration status or eligibility, please schedule an appointment with the International Student Advisor/DSO, Janeth Mendoza at Janeth.Mendoza@csulb.edu.
