# 6. Reports

## 6.1 Principal

- The Halo Race took place on May 11, with students from grades 3 to 6 participating. In total, over 5,000 students from English schools in the Montreal area attended. A great event for the community!
- On May 15, students participated in a tree-planting initiative in the schoolyard. These new trees will add some much-appreciated shade in a few years.
- At the end of May, the grade 6 students focused on their impending graduation and transition to high school. There was a Saturday “crash course” to prepare for the ministerial math exam. A parents’ workshop was held on evening to discuss anxieties over the move to high school. And the students created vision boards, about their hopes and fears about leaving elementary.
- A “welcome to preschool” event was held on May 25, for the incoming K4 and K5 students. This was held outdoors in the kindergarten park, with Mme. Stéphane, Mme. Catherine, Mme Hannah and Ms. Maria there to meet the kids. Gaetano talked with the new parents about life at Edinburgh, and each child left with a bag of fun preparatory activities.
- The current K5 class put on a circus show on June 7. The kids were adorable. This was part of a study project on circuses, animals, etc.
- The summer music concerts took place on June 13 and 14. Terrific work from all the students, and greatly enjoyed by the parents.
- Suggested activity for next year: some guidance/assistance for grade 5 students, in terms of choosing a high school, preparing to write entrance exams, applications and interviews, etc.

## **6.2 Commissioner**

Joseph was not in attendance this evening.

## **6.3 Treasurer**

A complete update was provided earlier in the evening.

## **6.4 Parent Delegate (EMSB-PC)**

Steven was not in attendance this evening.

## **6.5 Teacher**

Jean-Michel reported.

- The school year is wrapping up, with many special projects now successfully completed.
  - The kindergarten class has finished its circus module.
  - Grade 2 students went to the theatre.
  - The grade 6 class (and 5–6 split) is preparing to unveil the Fusion Jeunesse outdoor classroom, with an inauguration ceremony next week.
- Reporting and calculation of marks has returned to pre-Covid normal.
  - There are three report cards this year, with the third term being worth 60% of the final grade.
  - There are also final exams (ministry or school board) – a first for this group.
  - Exam results will not be shown in the report cards; rather, the results are calculated into the final average, with a weighting of 20% (and 80% class work).
- Field Day will be a full day once again this year.
  - All students in the school are divided into 20 groups (across all grades)
  - The grade 6 students act as “leaders” for the groups.
  - The groups cycle through 20 activities set up in the gym, modulars and outdoors.
  - The students in the three groups with the highest score receive a ribbon.

## **6.6 Home and School liaison**

Vanessa reported.

- The Spring Fair was a huge success again this year – and even finished just before the rain!
  - Many thanks to the more than 60 volunteers who helped make the event a hit.
- The new Edinburgh school apparel is now for sale.
  - Samples were on display at the music concerts.
  - To order, parents must fill in a paper order form, but they can then scan or take a photo of the form and email it to the supplier.
  - This is an ongoing initiative, running constantly.
  - A percentage of funds goes back to H&S.
- With the money collected through fundraising, H&S has been able to purchase the many much-needed items for the school.
  - Chromebooks, science equipment and music equipment
  - H&S extends its thanks to GB for assisting in purchasing the new barbecue.
  - H&S plans to purchase tents/awnings (for use at times like Halo, where other schools had sun shelters for the students).

## 6.7 BASE

- Seedling sale was a great success!
  - Students grew plants in the Nutritower; all the “crops” were sold to parents.
- Grade 6 students working on their grad project.
  - Each student is making his/her own graduation cap; activity led by the BASE intern.
- Coming to the end of the year, with activities wrapping up.
  - There’s a focus on Garden Club; students planting and tending the garden.
  - Working hard on their gifts for parents (for June 18).
  - Spending a lot of time playing outside.
- End-of-year blitz week is next week.
  - Monday is a (surprise) PED day; Sports Life will set up stations for the children to explore; in the afternoon, a visit to the sprinklers at Richard Schwartz Park.
  - Edinburgh “BASE Got Talent” show
  - BASE Bingo
  - Festimousse (outdoor foam/bubble party, in swimsuits)
  - Special snacks for the children

## 7. Varia

- The institution of a school uniform (as opposed to the dress code) was discussed.
  - Benefits:
    - teaches children to dress appropriately; simplifies their lives
    - encourages school spirit and builds Edinburgh brand
    - promotes a sharper look, especially for events like the music concert
    - facilitates student visibility/identification on field trips, increasing safety
    - simplifies issues for parents re: what qualifies as dress code
    - simplifies interpretation/enforcement for teachers, in terms of student appearance
  - Challenges:
    - can be prohibitively expensive (especially given the limited supplier options)
    - might require teachers’ increased supervision, enforcement, reminders, punishments, etc., focused solely on students’ clothing and appearance
    - H&S sells school-logo clothing now as a fundraiser; but a formal uniform would come from a designated supplier, removing that source of capital; however, a second-hand uniform sale could be an excellent fundraiser for H&S (as H&S used to do with the second-hand dress-code sale)
  - The government has been verifying all school policies against the Education Act, to guarantee homogenous application of rights.
    - The Education Act stipulates that it is illegal to compel parents to purchase from a single designated supplier.
    - The recent commitment to enforcing this regulation is prompting schools to redesign/rescind clothing policies.
    - The question of uniforms is a major discussion point across the entire EMSB.

- Many schools which had strict uniforms are moving away from such policies.
  - Edinburgh has reached a point where we might want to realign our expectations.
    - The pandemic caused a necessary loosening of restrictions, as students were wearing sweaters and jackets in class; masking had to be enforced; precious learning time was reallocated to hand-washing, etc.
    - Is it time for a rebranding of the entire school? (new logo, uniforms, etc.)
    - Do we keep the dress code but enforce it more diligently?
    - Move closer to a uniform by offering crests to attach to generic shirts?
    - For a change of this magnitude, the Governing Board alone cannot decide the matter; this requires consultation with the extended school community parents.
    - Poll the parents as to appetite for this change; with a predetermined percentage for approval. (Not necessarily 50% + 1.)
    - A gradual move towards a uniform (not an immediate change) would be best.
  - A uniform sub-committee will be formed, with Johanna as chair.
    - **Motion to approve:** Johanna.                      Second: Rob.                      Unanimous.
  - This matter will be brought up at the AGM in September.
- The EMSB electoral ward boundaries have been redrawn.
    - Joseph Lalla informed GB of these changes via email.
    - These changes will come into effect for the November 2024 commissioner elections.
    - It appears that Edinburgh will be grouped with Côte Saint Luc and Hampstead, but no longer with NDG.
    - The updated map suggests that Edinburgh's catchment areas will be redefined.
    - This raises concerns about school population numbers, whether current students will be affected, how overcrowding/under-enrollment will be handled, etc.
    - Our ward commissioner has been instrumental in organizing and facilitating moves between schools, especially with regards to Edinburgh overcrowding, bussing, etc.
    - Mr. Lalla knows the general history of the area, as well as specific details of each of the local schools, providing a continuity of care to the entire community, regardless of changes in school administration or staffing.
    - Regardless of concerns, it appears the EMSB has voted in favour of these changes.
    - Mr. Lalla can hopefully provide clarification and further details in the fall.

## 8. Correspondence

## 9. Question period

Nothing at this time.

## 10. Adjournment

Rob thanked the members of Governing Board for their implication this past year.

The meeting was adjourned at 8:49 p.m., with thanks.
