THROW KINDNESS AROUND LIKE CONFETTI !

I chose this quote because it makes me feel good, confident, and brave. This quote means to spread kindness all over the world. The world needs more kindness. When people say mean things, it makes you feel miserable. So, throwing kindness around like confetti will stop making people feel sad and miserable. Confetti is like sparkles, it makes me feel good, it's happy and colorful. Seeing confetti will reduce negativity in people, it will make people happy, and spread kindness like confetti. I feel like this quote is a good message to send around the world.

I can help spreading kindness by finding a good message so people can use it as an inspiration. To spread kindness, I have to first be kind to myself and to my surroundings to serve as an example to other people, so that they will also start being kind to others.

Kindness will reduce negativity, so throw kindness like confetti!
