

## PREVENTING INFECTIONS IS EVERYONE'S RESPONSIBILITY

As part of the preventive measures put in place, you are kindly requested to **assess your health on a daily basis** and to report any symptoms linked to COVID-19 to your immediate superior.

## BEFORE ENTERING, ANSWER THESE THREE QUESTIONS.

# 1

**Am I experiencing any of the following symptoms?**

Fever  
Dry cough  
Sore throat  
Tiredness

Headache  
Sudden loss of sense of smell without nasal congestion  
Respiratory difficulties

# 2

**Have I travelled outside of Canada within the last 14 days?**

# 3

**In the last 14 days, did I have close contact\* with a **symptomatic** person known or suspected to have COVID-19?**

*\*Close contact is defined as: Close (within 2m) and prolonged (10-15 min.) contact with a n infectious person or direct contact with infectious bodily fluids (was coughed or sneezed on) while not wearing personal protective equipment.*

**If you answered YES to any of the above, please inform your principal or immediate superior.**

**If you answered NO to all the above questions, you may report to work.**

Practice proper respiratory hygiene and follow all preventive measures in place. Continue to monitor your health. If you develop symptoms at work, isolate yourself and inform your principal or immediate superior.

Any circumstance that is likely to be hazardous to the health and safety of others must be reported to your principal or immediate superior.
