INTRODUCTION

Governing boards bring together parents, school staff, senior high school students and community members who work in partnership towards a primary goal of making decisions that benefit our students.

In October 1998, the EMSB provided its schools with a Manual to assist the governing boards in the exercise of their functions.

The present edition of the Manual contains the information included in the previous editions, revised as required in accordance with the new provisions of the Education Act.

The Governing Board Manual is intended for administrators and all governing board members. We hope that you will find it to be a useful guide as we begin the new school year

THE COMPOSITION OF THE GOVERNING BOARD

Establishment of Governing Boards in 1998 (Education Act, Sections 42-46)

The governing board is composed as follows:

- Parents: at least 4 who are not members of the school staff
- School staff: at least 4, including at least 2 teachers, at least 1 non-teaching professional and at least 1 support staff member, elected by their peers
- Day Care: 1 member of the day care staff
- Students: 2, cycle II secondary *Students have had the right to vote since December 18, 2001 (Bill 35)*
- 2 community representatives who are not members of the school staff appointed by the governing board (No vote)
- The maximum number is 20. The total number of seats available for staff representatives (teachers, school staff and day care staff) must be equal to the number of seats for parents. The school board determines the number of parent and staff representatives after consulting each group.
- When there are fewer than 60 students enrolled in a school, the school board may vary the composition after consultation with the parents and school staff. The rule of equality in the number of seats for parents and staff must still be respected.
- A commissioner cannot be a member, however, when carrying out a mandate entrusted by the council of commissioners on the proposal by the chair, a commissioner may take part in the meeting. (No vote) (S. 45 and 176.1)
- The principal takes part in the meetings. (No vote)

SUBSTITUTION

Any member who is unable to take part in a governing board meeting may be replaced by a substitute member (Section 51.1).

Section 51.1. Any meeting called in accordance with sections 47 to 50 may elect substitute members to the governing board to replace the members who are unable to take part in a governing board meeting. Likewise, substitute members may be appointed or elected during the process carried out in accordance with section 51. The number of substitute members cannot be greater than the number of governing board members

CHANGE IN COMPOSITION

After consultations were completed by the School Board in 1998-1999, the Council of Commissioners passed a resolution approving the compositions of the governing boards for all schools. Those numbers remain in effect until a formal request from the Governing Board is made to the School Board with an explanation. (Resolution #99-06-23-7)

Included with the request, a letter signed by the Governing Board Chair and the school principal with an extract from the minutes of the resolution, letters from all groups involved (teachers, support staff and daycare) agreeing or disagreeing to the changes. All documentation can be forwarded to the Consultant.

This request can be made during the school year to the Secretary General (according to By-Law No 10- Delegation of Powers). A signed letter from the Secretary General approving the new composition will be forwarded to the Governing Board Chair so that the new composition may be implemented in September.

An example of a request can be found in appendix A (page 1.7)

THE COMMUNITY REPRESENTATIVES

At its first meeting, the governing board must consider the appointment of two community representatives. "Community" is defined as pertaining to the school and the school's interests. Having community representatives on a governing board allows for a closer connection to and a sense of affiliation with organizations that are linked to the school.

A community representative could be from any local organization that has common interests or objectives, e.g., the CLSC, a local library, the municipality, etc.

TERM OF OFFICE

Parents: two years except for the first year a governing board is established when half the parents elected serve one year.

Other members: one year

The members of the governing board remain in office until they are re-elected, re-appointed or replaced.

Vacancies (s. 55)

If a parent representative leaves the governing board before completing his or her mandate, the other parent representatives on the governing board appoint a parent to fill the vacancy and complete the mandate.

It is recommended that the departing parent representative notify the governing board chair in writing.

A parent representative whose child no longer attends the school may remain a member of the governing board until the next general assembly held before September 30 of the new school year.

A vacancy of any other member of the governing board is filled for the rest of the term according to the procedure for the appointment of the member.

What is the proper procedure for filling a parents' representative's vacancy?

When a vacancy arises from the departure or disqualification of a parents' representative during the year or at the end of the first year of a two-year mandate, the governing board parents' representatives fill the vacancy by designating a replacement parent from its school community to complete the term according to Article 55 of the Education Act. Article 55, does not foresee that an election is to be held for the unexpired portion of the term, whenever it occurs. The Education Act is specific and the law must be respected.

Subject: Change in Composition

School currently has the following Governing Board voting Composition:

- 7 Parents
- 4 Teachers
- 2 Other staff
- 1 Daycare
- 2 Community

There has been much difficulty in the last few years attracting interested parents to participate on the Governing Board and in obtaining quorum at several meetings. We view the functioning of an active Governing Board as an important feature of our school's environment and would not like to have the requirement for 7 parents prevent us from establishing the Governing Board in the future or cause quorum problems. With this in mind, the 2006-2007 Governing Board has been discussing the possibility of reducing the number of parents required from 7 to 5 in the hope that this number will make attaining sufficient Governing Board numbers easier. All members participating on this year's Governing Board were in agreement that this course of action made sense.

A resolution was proposed and voted on at the November 21, 2006 meeting of the Governing Board and it was agreed that the number for the Governing Board should be changed to:

- 5 Parents
- 3 Teachers
- 1 Other staff
- 1 Daycare
- 2 Community

Attached to this letter is an excerpt from the November 21, 2006 minutes which includes this resolution.

Please proceed with putting this into effect for September 2007

Sincerely,

4.6 Governing Board - Restructure

Due to the difficulty we had this year in organizing a GB as well as the declining population at our school, proposed reducing the number of GB representatives, effective with the 2007-2008. Note that a GB cannot have less than 10 members.

After much discussion, the GB structure will reduce from 16 to 12 members, effective with the 2007-2008, as follows;

5 parents
3 teachers
1 other
1 Day Care
2 community

Motion to adopt the restructure of the GB from 16 to 12 members, effective September 2007.

Moved by _____ seconded by _____ and approved unanimously.

2016, c. 26, s. 35.

193.3. The resource allocation committee must set up a consultation process with a view to establishing objectives and principles governing the annual allocation of revenues in accordance with section 275, determining how those revenues are to be allocated in accordance with section 275.1, including by setting out the criteria to be used to determine the amounts allocated, and determining how student services are to be distributed in accordance with section 261.

In addition to student services, the committee may also submit the distribution of other professional services to the consultation process.

Each school board and educational institution must provide the committee with any information or document necessary for the exercise of its functions.

At the conclusion of the consultation process, the director general or any other member designated by the committee must present recommendations at a meeting of the council of commissioners concerning the objectives and principles to govern the allocation of revenues, the annual allocation of those revenues and the distribution of student services and other professional services, as applicable. If the council of commissioners fails to implement a recommendation, it must give reasons for its decision at the meeting at which the recommendation is rejected. A school board may entrust the functions assigned to the resource allocation committee under this Act to the advisory committee on management provided the latter complies with the composition requirements set out in section 193.2. It may also do so if it must add the person responsible for educational services for handicapped students and students with social maladjustments or learning disabilities to its members in order to comply with the composition requirements of section 193.2.

The advisory committee on management shall then act in the place and stead of the resource allocation committee.

WHO calls the meeting?

- The chair of the governing board or, if there is none, the principal.

WHO is invited?

- Parents of students attending the school.

HOW are parents notified?

- In writing, at least four days before the meeting is to be held.

WHAT must be done during the meeting?

- The parents present must elect substitute representatives to the governing board.
- From among the parent representatives elected to the governing board, the general assembly elects a delegate to the Parents committee and may also designate a substitute delegate.
- The general assembly decides whether or not to establish a parent participation organization.

A sample agenda for the General Assembly is included in see page 3.6 Appendix E

ELECTION MEETING GUIDELINES

1. Notice for the Meeting

The notice should include a brief description of the role and functions of the governing board and the parent participation organization. (see page 3.4 - Appendices A and B)

Including a *tear-off portion for parents* to return to the school so they may declare their interest in being a member of the governing board may help to simplify the process in the event that there are more candidates than seats.

A list of candidates can be prepared ahead of time from the returned tear-offs with spaces provided for any additional nominations made at the meeting. With the provision of a column beside the names, this list can then be used as a ballot if a vote is needed. (See page 3.4 and **Appendix C**).

It is also advisable to indicate in the notice that, if there are more candidates than seats, each candidate will be asked to speak briefly on his/her involvement in school activities and why he/she wishes to be a member of the governing board.

2. Calling the Meeting to Order

The chairperson of the governing board, (or principal, if there is no chairperson), calls the meeting to order. A brief overview of the responsibilities of the governing board should be presented. The chairperson may also give a brief report of the governing board's activities during the previous year. Parents must be aware of the many areas in which the governing board is expected to make decisions and that these decisions must be made in the best interests of the students.

The commitment expected of governing board members and section 71 of the Education Act referring to the code of conduct should be stressed. (See page 4.10)

The Chair of the Governing Board presides over the elections, unless he/she is up for re-election. If so, the general assembly appoints another person. In most instances, this would be the principal or a parent who is not standing for election. A secretary is also needed to record nominations and the results of the vote.

It is suggested that basic rules of procedure be proposed to the general assembly for adoption. **An example is included in Appendix D on page 3.5.**

Requests for candidacy by *proxy* must be submitted in writing to the outgoing governing board chair or to the principal. It is up to the general assembly to decide whether or not to accept candidacy by proxy.

3. The Election

The composition of the governing board has been determined for each school by the School Board after consultation.

The term of office for parent representatives is two years with half of the parent seats up for election each year. The election chairperson advises the assembly of the number of parents to be elected. (Article 54)

When a vacancy arises from the departure or disqualification of a parents' representative during the year or at the end of the first year of a two-year mandate, the governing board parents' representatives fill the vacancy by designating a replacement parent from its school community to complete the term according to Article 55 of the Education Act. Article 55, does not foresee that an election is to be held for the unexpired portion of the term, whenever it occurs. The Education Act is specific and the law must be respected.

If names have been submitted ahead of time, each parent present receives a copy of the list. The chairperson asks for a motion to accept this list into nomination or the general assembly may choose to nominate each person on the list separately. The chairperson then asks if there are additional nominations. Parents may nominate themselves. Seconders are not required unless the general assembly decides otherwise. If no names have been submitted, the election chairperson asks for nominations.

Nominations are written on a blackboard as received. When no further nominations are forthcoming, a motion is made to close nominations. If a list was distributed, those present should add the new names to their copy of the list.

If more than the required number of names is placed in nomination, an election must be held by secret ballot. If a list has been distributed, it becomes the ballot and each parent checks the names of the required number of parent representatives for whom he/she wishes to vote. Prior to the vote, the general assembly may request that the candidates present themselves.

The ballots are collected and counted, preferably by three people not on the ballot (the principal, election secretary and one other). The election chairperson announces the results by reading the names of those elected but not the number of votes for each. The ballots should be kept for a month by the principal.

The first meeting of the governing board will be held at a later date. The principal will consult with the parent and staff representatives elected to the governing board and set a date agreeable to all parties.

Where the general assembly fails to elect at least four (4) parents' representatives all duties and functions will be assumed by the principal. (s. 52)

4. Election of the Delegate to the Parents Committee

The parents attending the meeting elect from among the parent representatives who have just been elected to the governing board, a delegate to the Parents Committee. They may also appoint a substitute to attend and vote at meetings of the Parents Committee when the delegate is unable to attend. Both the delegate and the alternate **must** be designated by the general assembly. (Section 47).

The Parents Committee (PC) meet as decided by the AGA. These meetings provide an opportunity to:

- meet with the Director General or their designate
- share ideas and successes
- discuss common concerns
- learn about curriculum and other educational matters
- discuss issues

5. Establishment of a Parent Participation Organization (s. 96)

The parents in attendance at the general assembly decide whether or not to form a Parent Participation Organization, which is composed of parents of students attending the school.

If the general assembly chooses to form a PPO, it determines the name, composition and operating rules and elects the members.

A brief description of the Parent Participation Organization is included in Appendix B page 3.4.

THE ELECTION OF OTHER REPRESENTATIVES (Sections 48-52)

The composition of the governing board includes representatives of the teachers, non-teaching professionals, support staff, day care (elementary), and students (cycle II, secondary level).

The members of each of these groups must meet during the month of September and elect their representatives according to the composition determined by the School Board after consultation.

Each group, i.e. the teachers, the daycare staff, the support staff, the non-teaching professionals and students hold meetings to elect their representative on the governing board by their peers. Each group is separate and does not vote in each others elections of representatives.

If the number of representatives from any of these groups is less than required, the governing board can still be formed if the required number of parent representatives is elected.

COMMUNITY REPRESENTATIVES (Section 42, para. 5)

Two community representatives who are not members of the school staff and not members of the parents are appointed by the voting members of the governing board. This would be done at the first or second meeting of the school year.

When appointing the community representatives, members should keep in mind that these positions should be filled by individuals from community or business organizations who are open to discussing issues with the education sector and can help the governing board create ties that will assist it in fulfilling the objectives of its educational project.

GOVERNING BOARDS A Brief Description

WHAT IS THE GOVERNING BOARD?

The governing board is a structure that creates a partnership of parents and staff in the management of the school. The governing board is not involved with the day-to-day running of the school but works with the principal in setting and implementing policy directions for programs and services that will meet the needs of the students and the community.

WHAT ARE THE FUNCTIONS AND POWERS OF THE GOVERNING BOARD?

The principal of the school is required to collaborate with the school staff on a variety of educational and pedagogical items and bring proposals to the governing board for approval. (also refer to table on page 1.3)

Some of these are:

- rules of conduct and safety measures
- implementation of the basic school regulation
- time allocation for subjects
- enrichment and adaptation of programs to meet local needs
- educational activities such as field trips which change the students' regular schedule
- implementation of student and special education services
- the use of non-teaching time for educational purposes, and extracurricular activities
- principles for determining the cost of consumable materials

As well, the governing board

- must prepare an annual report on its activities for the school board and inform the community about the services provided in the school;
- adopts the school budget submitted by the principal;
- adopts the school's educational project and oversee its implementation and evaluation;
- must make public the school's educational project
- must distribute a document to parents and staff explaining the educational project

- **APPENDIX B**

PARENT PARTICIPATION ORGANIZATION A Brief Description

WHAT IS THE PARENT PARTICIPATION ORGANIZATION?

The parent participation organization gives the opportunity to a larger number of parents to be involved in the day-to-day life of a school.

WHAT ARE THE FUNCTIONS OF THE PARENT PARTICIPATION ORGANIZATION?

The PPO has a twofold purpose in law:

- to encourage parents to be involved in fostering their child's academic success
- to collaborate in developing, implementing and evaluating the school's educational project.

As well, it may advise the parent representatives on the governing board about parents' concerns. The governing board may consult the PPO when parents' opinions and ideas are needed (s.96-3).

The Parent Participation Organization can play a valuable role and complement the work of the governing board by effectively communicating with the parent body at large:

- letting parents know about what is going on at the school and what the needs are
- finding out about parents' concerns

There are no regulations governing the size and general operation of a Parent Participation Organization. As well as fulfilling its purpose as defined by law, it has been suggested that sub-committees could be set up within the PPO with specific tasks such as safety, newsletter, book fair, etc.

Each school has the flexibility to organize its PPO to best suit the conditions, i.e., the number of parents who wish to be involved and the tasks that need to be done. Most importantly, the PPO and governing board must work closely together to ensure that everyone is working toward the same goals.

The Council of Commissioners is the governing body of the school board and is composed of elected school commissioners and four parent commissioners. Parent commissioners are elected every two years by the parents committee, but are entitled to vote.

1. Composition of the Governing Board

The school board determines the number of parent representatives and staff representatives after consulting with each group.

A governing board wishing to modify its composition must make a formal request in writing to the school board.

After consulting with school staff, the principal is responsible for informing the school board of the school's needs in terms of staffing of all classes of school personnel. The principal must be guided by a variety of considerations, including the educational services to be offered in the school, the budgetary process and the applicable collective agreements for different categories of personnel.

The principal is responsible for managing all school staff and must determine their duties and responsibilities. In addition, the principal must organize the professional development activities as agreed to with the staff in accordance with applicable collective agreements.

THE RESPONSIBILITIES OF THE MEMBERS OF THE GOVERNING BOARD

Members of the governing board must be concerned and interested in the school and education in general. They must be prepared to work cooperatively as a group and deal with common issues rather than personal ones.

Being a member is not about personal power and prestige but about being empowered to serve the people the governing board represents.

Members must be prepared to commit themselves to:

- Regularly attend the meetings
- Arrive on time
- Respect the code of conduct
- Participate in the discussions
- Be well informed before making decisions
- Work as part of a team

CONFLICT OF INTEREST

A member of the governing board who has a direct or indirect interest in an enterprise that puts that member in conflict with the interest of the school must disclose the interest in writing to the principal.

An example of this is a person who has an interest in the food services supplied to the school.

The member must abstain from voting on any matter concerning the enterprise and avoid influencing the decision. In fact, the member must withdraw from a meeting while the matter is discussed or voted on.

Having a conflict of interest is not prohibited; not declaring it may lead to forfeiture of office.

CODE OF CONDUCT

The governing board has the responsibility to ensure that every decision it makes is in the best interests of the students.

Members of the governing board are in a position of trust. They must take their role seriously and be willing to give the time and effort needed. A responsible member will:

- attend meetings regularly and participate fully
- be willing to listen and learn
- be open-minded
- respect others' points of view
- work co-operatively with the other members
- place the interests of the school before any personal interest.

Section 71 of the Education Act specifically states:

"The members of the governing board must act within the scope of the functions and powers conferred on them, and exercise the care, prudence and diligence that a reasonable person would exercise in similar circumstances; they must also act with honesty and loyalty and in the interest of the school, the students, the parents, the school and the community."

Governing boards should also develop their own guidelines as to how they want members to conduct themselves. If everyone understands what is expected on them and acts accordingly, meetings will be more productive and the work of the governing board will be more easily accomplished in an atmosphere of trust and collaboration.

Once guidelines are developed, they should be reviewed each year at the first meeting of the governing board.

- *Be willing to participate in activities of the governing board*
- *Respect all rules of procedure and guidelines for conduct*

THE ROLE OF THE CHAIRPERSON

The chairperson

- prepares the agenda with the principal (see page 5.3)
- calls the meeting to order
- keeps the meeting to the agenda
- ensures that internal procedures are respected
- ensures that information required for the meeting is available
- ensures that a motion is seconded before discussion begins
- states each motion before it is debated and again before it is voted on
- casts a vote in case of a tie

A good chairperson

- is well prepared for the meeting
- gives each member a chance to speak
- tactfully keeps speakers on the subject
- listens well
- speaks no more than necessary but helps to clarify and gives information
- is fair and impartial
- is flexible
- makes sure everyone knows what the decisions are and what action is to be taken
- starts and ends meetings on time

Guidelines for the Chairperson are included in Appendix A on page 4.8.

THE ROLE OF THE SECRETARY

The secretary keeps an accurate record of the meetings. Only what is done, not what is said, is recorded, e.g., the motion and the vote but not who said what during the discussion prior to the vote. Section 5 of this manual provides more details on the recording of minutes.

The secretary may also assist the chairperson in handling correspondence, notifying members of meetings, preparing and distributing agendas, etc.

THE ROLE OF THE TREASURER

The treasurer keeps track of the operating budget allocated to the governing board by the school board (s. 66). This allocation is included in the school's budget and identified by an account code.

At the beginning of each year, the governing board should decide how the budget will be used. The allocation is intended for operating expenses, such as: postage, photocopying, meeting refreshments, etc.

Participation on a governing board is of a voluntary nature. However, a governing board may decide to defray some baby-sitting or transportation costs if the need arises. This is a decision of the governing board and should be discussed early in the year. It is important that all members understand what expenses will be covered by this operating budget in order to avoid any misunderstanding later.

The treasurer must oversee the claims for operating expenses and keep a record of these. A report should be given at each meeting of the governing board.

Upon request from the school board, the governing board must submit an annual expense report (s. 81). A sample reporting form is on page 4.16.

Note: The treasurer is also responsible for keeping account of any monies received through its solicitation of donations as outlined in Section 94 of the Education Act.

THE ROLE OF THE PARENT DELEGATE TO THE PARENTS COMMITTEE

The delegate (or substitute) to the Parents Committee (PC) represents his/her school at all meetings of the Parents Committee.

The delegate acts as a liaison between the parents of the school and the Parents Committee and should attend the meetings regularly.

If the delegate is unable to attend, he/she must notify the appointed substitute and give him/her any documents relevant to the meeting.

When the substitute replaces the delegate at the PC meeting, the substitute has the right to vote. The delegate (or substitute, if applicable) is expected to give a report on the business of the PC to the governing board.

The Parents Committee from time to time may ask delegates to bring issues back to the parents on the governing board and PPO for discussion and feedback.

Similarly, a governing board may wish to gather information about what other schools are doing in regard to certain issues and request the delegate to raise the matter at a Parents Committee meeting.

The Parents Committee is established by the school board. It is composed of all the Delegates and a representative from the Advisory Committee on Special Education Services (ACSES) (s.189). Each year, in early October the delegates come together to elect their executive and the Parent Commissioners.

The Parents Committee is consulted by the School Board on a number of matters as outlined in Section 193 of the Education Act.

THE FIRST MEETING OF THE YEAR

It is important that everyone feels welcome and comfortable at this meeting. If there are new members, time should be given for people to get to know each other. Providing name tags and a few refreshments helps to create a more relaxed atmosphere.

The principal presides over the first meeting of the governing board until the chairperson is elected. The chairperson is chosen from among the parent representatives not employed by the school board. Once the chairperson is elected, he/she takes over the meeting.

The appointment of the two community representatives should be one of the items on the agenda.

Internal rules of management should also be discussed. Certain rules of operation are determined by the Education Act (see pages 5.3) and must be respected, but governing boards are also required to establish their own rules. Some of the things governing boards may wish to consider are:

- How to notify parents and staff of the dates and times of the meetings
- The appointment of a secretary and treasurer
- Rules of procedure for meetings (duration of the meeting, time limits on agenda items, procedures for adding items to the agenda, etc.)
- Guidelines for the conduct of members (page 4.5 -4.6)
- Procedures to permit members of the public to be heard at the meetings of the governing board (see page 5.3)
- How the operating budget allocated by the school board is to be used
- Procedures for calling special meetings

An example of Internal Rules of Management is included on page 5.6

Other items on the agenda will vary from school to school depending on the local situation.

A suggested agenda for the first meeting is on the next page.

WHAT IS A GOOD MEETING?

There are a number of ingredients that contribute toward a good meeting, including:

- A well-planned agenda, distributed in advance with the minutes of the previous meeting and any other documentation relevant to the agenda
- A comfortable setting
- Guidelines on conduct agreed to by all members (page 4.5)
- Regular attendance
- A good chairperson (see page 4.6)
- Involvement of all members in the discussions
- Time limits for the length of the meeting and on agenda items
- Willingness to work as a team
- Decision-making by consensus

PREPARATION OF THE AGENDA

The agenda is prepared in advance of the meeting by the chairperson in consultation with the principal and other members of the board when appropriate. Some of the standard items are the adoption of the agenda and the minutes of the previous meeting; business arising from the minutes; reports; new business. An example is on page 5.5.

An agenda should not be too long or include too many items that require lengthy discussion. It may be helpful to specify a time limit for each item so that the agenda can be completed and to indicate whether they require a decision or if they are consultation or information items.

Members who wish to add items to the agenda should let the chairperson know well ahead of the meeting. Items may be added at the meeting when "Adoption of the Agenda" is being considered but these should be kept to a minimum. The added item, if a new topic, should be placed under "Varia" with the understanding that it may be tabled until the next meeting when more information would be available.

NOTICE OF MEETING

Meetings of the governing board are public. Section 67 states that parents and school staff are to be informed of the dates, times and place of meetings. Parents may be advised through notices and newsletters sent home with the students. The agenda should also be posted in a location in the school where staff will see it.

WHAT ARE THE GENERAL RULES OF OPERATION?

(Sections 56-73)

- The governing board chooses its chairperson from among the parent members who are not employed by the school board. The term of office is one year.
- If the chairperson is absent, the governing board designates an eligible parent to act in his/her place.
- Quorum is the majority of members and must include at least half of the parent representatives.
- If the governing board is unable to hold a meeting due to a lack of quorum after three consecutive notices have been sent, with at least seven days in between, the school board may order that the powers and functions be exercised by the principal.
- Decisions are by majority vote of the members present and entitled to vote. This includes the chairperson. In case of a tie, the chairperson casts a deciding vote.
- The governing board must hold at least five meetings a year.
- The governing board informs parents and school staff of the schedule of meetings for the year.
- Meetings are open to the public; however, a meeting may be closed if the matter to be discussed could cause injury to a person.
- Minutes are recorded in a register kept by the principal or by a person designated by the principal. The register is public.
- A conflict of interest must be disclosed in writing to the principal. (See page 4.5).
- The governing board receives an annual operating budget from the school board (included in the school budget). It establishes expense rules, oversees the administration of this budget and gives an account to the school board.
- The governing board establishes its own operational rules while respecting the rules set out in the Education Act.

PUBLIC AND CLOSED MEETINGS

GENERAL

Meetings of the governing board are public.

However, under section 68 of the Education Act, the governing board may decide that a meeting be closed to the public if a matter to be examined could cause injury to a person.

The governing board may not adopt resolutions at closed meetings since it may only study certain matters on these occasions and no minutes are recorded. Any decisions taken by a governing board must be made in public and recorded in the minutes of the meeting.

The governing board, in public and closed meetings, must act within the limits of its functions and powers and must not discuss matters not under its jurisdiction.

PUBLIC MEETINGS

Governing boards should develop guidelines for public meetings that will allow members of the public an opportunity to speak at an appropriate time, e.g., during a question period. The public must also understand that the topics raised must be appropriate to the functions and powers of the governing board.

Matters of personnel do not fall under the jurisdiction of the governing board. Therefore the members, and more particularly the chairperson, must prevent any such matter from being presented by a member of the public at the meeting.

For example, at a governing board meeting, if a member of the public begins to complain about a member of staff, the chairperson must immediately intervene, indicate that the issue does not fall under the functions and powers of the governing board and direct the speaker to meet with the principal at another time. If the speaker persists, the chairperson would have the option of adjourning the meeting.

Copies of the agenda should be available for the public at the time of the meeting. The reverse side of the agenda could be used to give information about the guidelines for question period, the current focus of the governing board, recent or upcoming events in the school, etc., - anything that might be of interest to those attending the meeting.

PROSECUTION (s. 72 and 73)

Section 72 of the Education Act states, "The members of a governing board may not be prosecuted for an act performed in good faith in the exercise of governing board functions".

If a member is prosecuted by a third party for an act done within the exercise of a governing board function, the school board will defend that member. If the member is found liable for damage caused by an act done in bad faith, the school board may require repayment by the member for the legal expenses.

THE MINUTES

Minutes are an official record of the business and activities of an organization.

The minutes include:

- The time and place of the meeting
- Names of members present and apologies from those absent
- Verification of the quorum
- Adoption of the agenda (with any additions)
- Adoption of the minutes of the previous meeting (with any corrections)
- The exact wording of motions (unless withdrawn) including the names of the mover and seconder
- Record of the votes
- Decisions made by consensus
- Brief references to items of discussion and reports
- Items tabled
- Time of adjournment

After approval at the following meeting, the minutes are signed by the person presiding over the meeting and the school principal or the person appointed by the principal.

The minutes must be recorded in a register kept for that purpose by the principal or by a person appointed by the principal. The register is open to the public. (s. 69)

The approval of the minutes does not include the option of new wording but may include a reference to an error or omission.

The minutes do not include details of discussions.

Only members who were present at a meeting may propose the adoption of the minutes of that meeting.

The minutes must be available in French.

A sample of an agenda for a regular meeting and the minutes of that meeting follow on the next three pages.

THE ANNUAL ACTIVITY REPORT

Section 82 of the Education Act states: "*The governing board shall prepare and adopt an annual activity report and shall transmit a copy of the report to the school board.*"

WHAT IS AN ANNUAL ACTIVITY REPORT?

The annual activity report serves as a communication tool as well as an accountability and planning tool. The annual report can be used not only to report to the school board as required by law but also to share information with parents, the school staff and the public.

While there is no requirement for copies of the annual report to be distributed to the parents or staff members at large, you may decide to have copies available for those who wish to see it.

INFORMING THE COMMUNITY

Section 83 of the Education Act states: "*Each year, the governing board shall inform the parents and the community served by the school of the services provided by the school and report on the quality of such services.*"

This is a separate responsibility from that of the preparation and adoption of the annual report.

The key words in section 83 are "*inform*" and "*report*". The governing board can provide information on services to the community on a regular basis through the public meetings of the governing board, newsletters, local newspaper ads, etc.

Both the educational project and the commitment to success plan must be made public. The governing board must also report annually on the evaluation of the implementation of the commitment to success plan and a document explaining the educational project and reporting on the evaluation of the commitment to success plan must be distributed to the parents and the school staff. (s. 83, para. 2, 3, 4)

CONTENT OF THE ANNUAL REPORT

The annual report should include the following information and descriptions:

- ✓ name and address of the school
- ✓ names of the members of the governing board, the groups they represent and position, e.g., chairperson, treasurer
- ✓ number of meetings held (regular and special)
- ✓ attendance record (optional)
- ✓ message from the chairperson (optional)
- ✓ issues and concerns addressed by the governing board
- ✓ new programs, activities, services approved by the governing board
- ✓ actions taken by the governing board
- ✓ sub-committees that were established, if any, and their mandates

- ✓ method(s) used to inform parents
- ✓ plans and/or recommendations for the coming year

The annual report must be adopted by the governing board and submitted to the school board.

Please note that, once adopted, the annual activity report should be forwarded to the Communications Division by October 31st.

The forms and guidelines provided by the EMSB for the completion of the annual report are included on the following pages. They are forwarded to the schools in April.
