A message from the Director General

Dear students and their parents or guardians,

We have prepared this guide for those starting their approach into the world of secondary education. Here you will find a snapshot of what each of our mainstream high schools has to offer: What are the programs they excel in? What sets them apart? What are their extra-curricular activities they are most proud of? Important dates, such as open houses, admissions applications and placement exams, are listed for each school so you can mark these into your calendar.

As you'll see, the English Montreal School Board (EMSB) has a wide array of secondary school options for students all across the island of Montreal (see the map on p. 4). Whether you are choosing a school close to home or across the city, or favor a certain academic, arts or sports program, this booklet will give you a snapshot of what we have to offer. Social media sources are also listed, and we encourage you to consult these, as well as the school's website, to get a more intimate sense of the school.

Each EMSB high school follows the Quebec Ministry of Education curriculum, but they have the freedom to enrich their offering through a variety of different special programs. For example, some schools offer a range of French instruction levels. Others offer a concentration in sports, arts or music. Some are designed for students who require a smaller school setting or special training for the workforce.

With the highest success rate of any public school board on the island of Montreal, more than 75 percent of our youth sector students are enrolled in French immersion or bilingual programs, underlining the excellent quality of our French instruction. We support our students in graduating as fully bilingual Quebecers.

A variety of non-traditional study paths are also offered to students in our schools. These include specialized board-level initiatives such as physical literacy and numeracy literacy programs, and STEAM to provincial government programs, such as SportÉtudes and the Work-Oriented Training Pathway programs. Let's not forget the internationally recognized ones such as the International Baccalaureate Middle Years Program and the Advanced Placement Program.

Families have a wealth of choice at the EMSB! We hope you find this Guide helpful.

Nick Katalifos

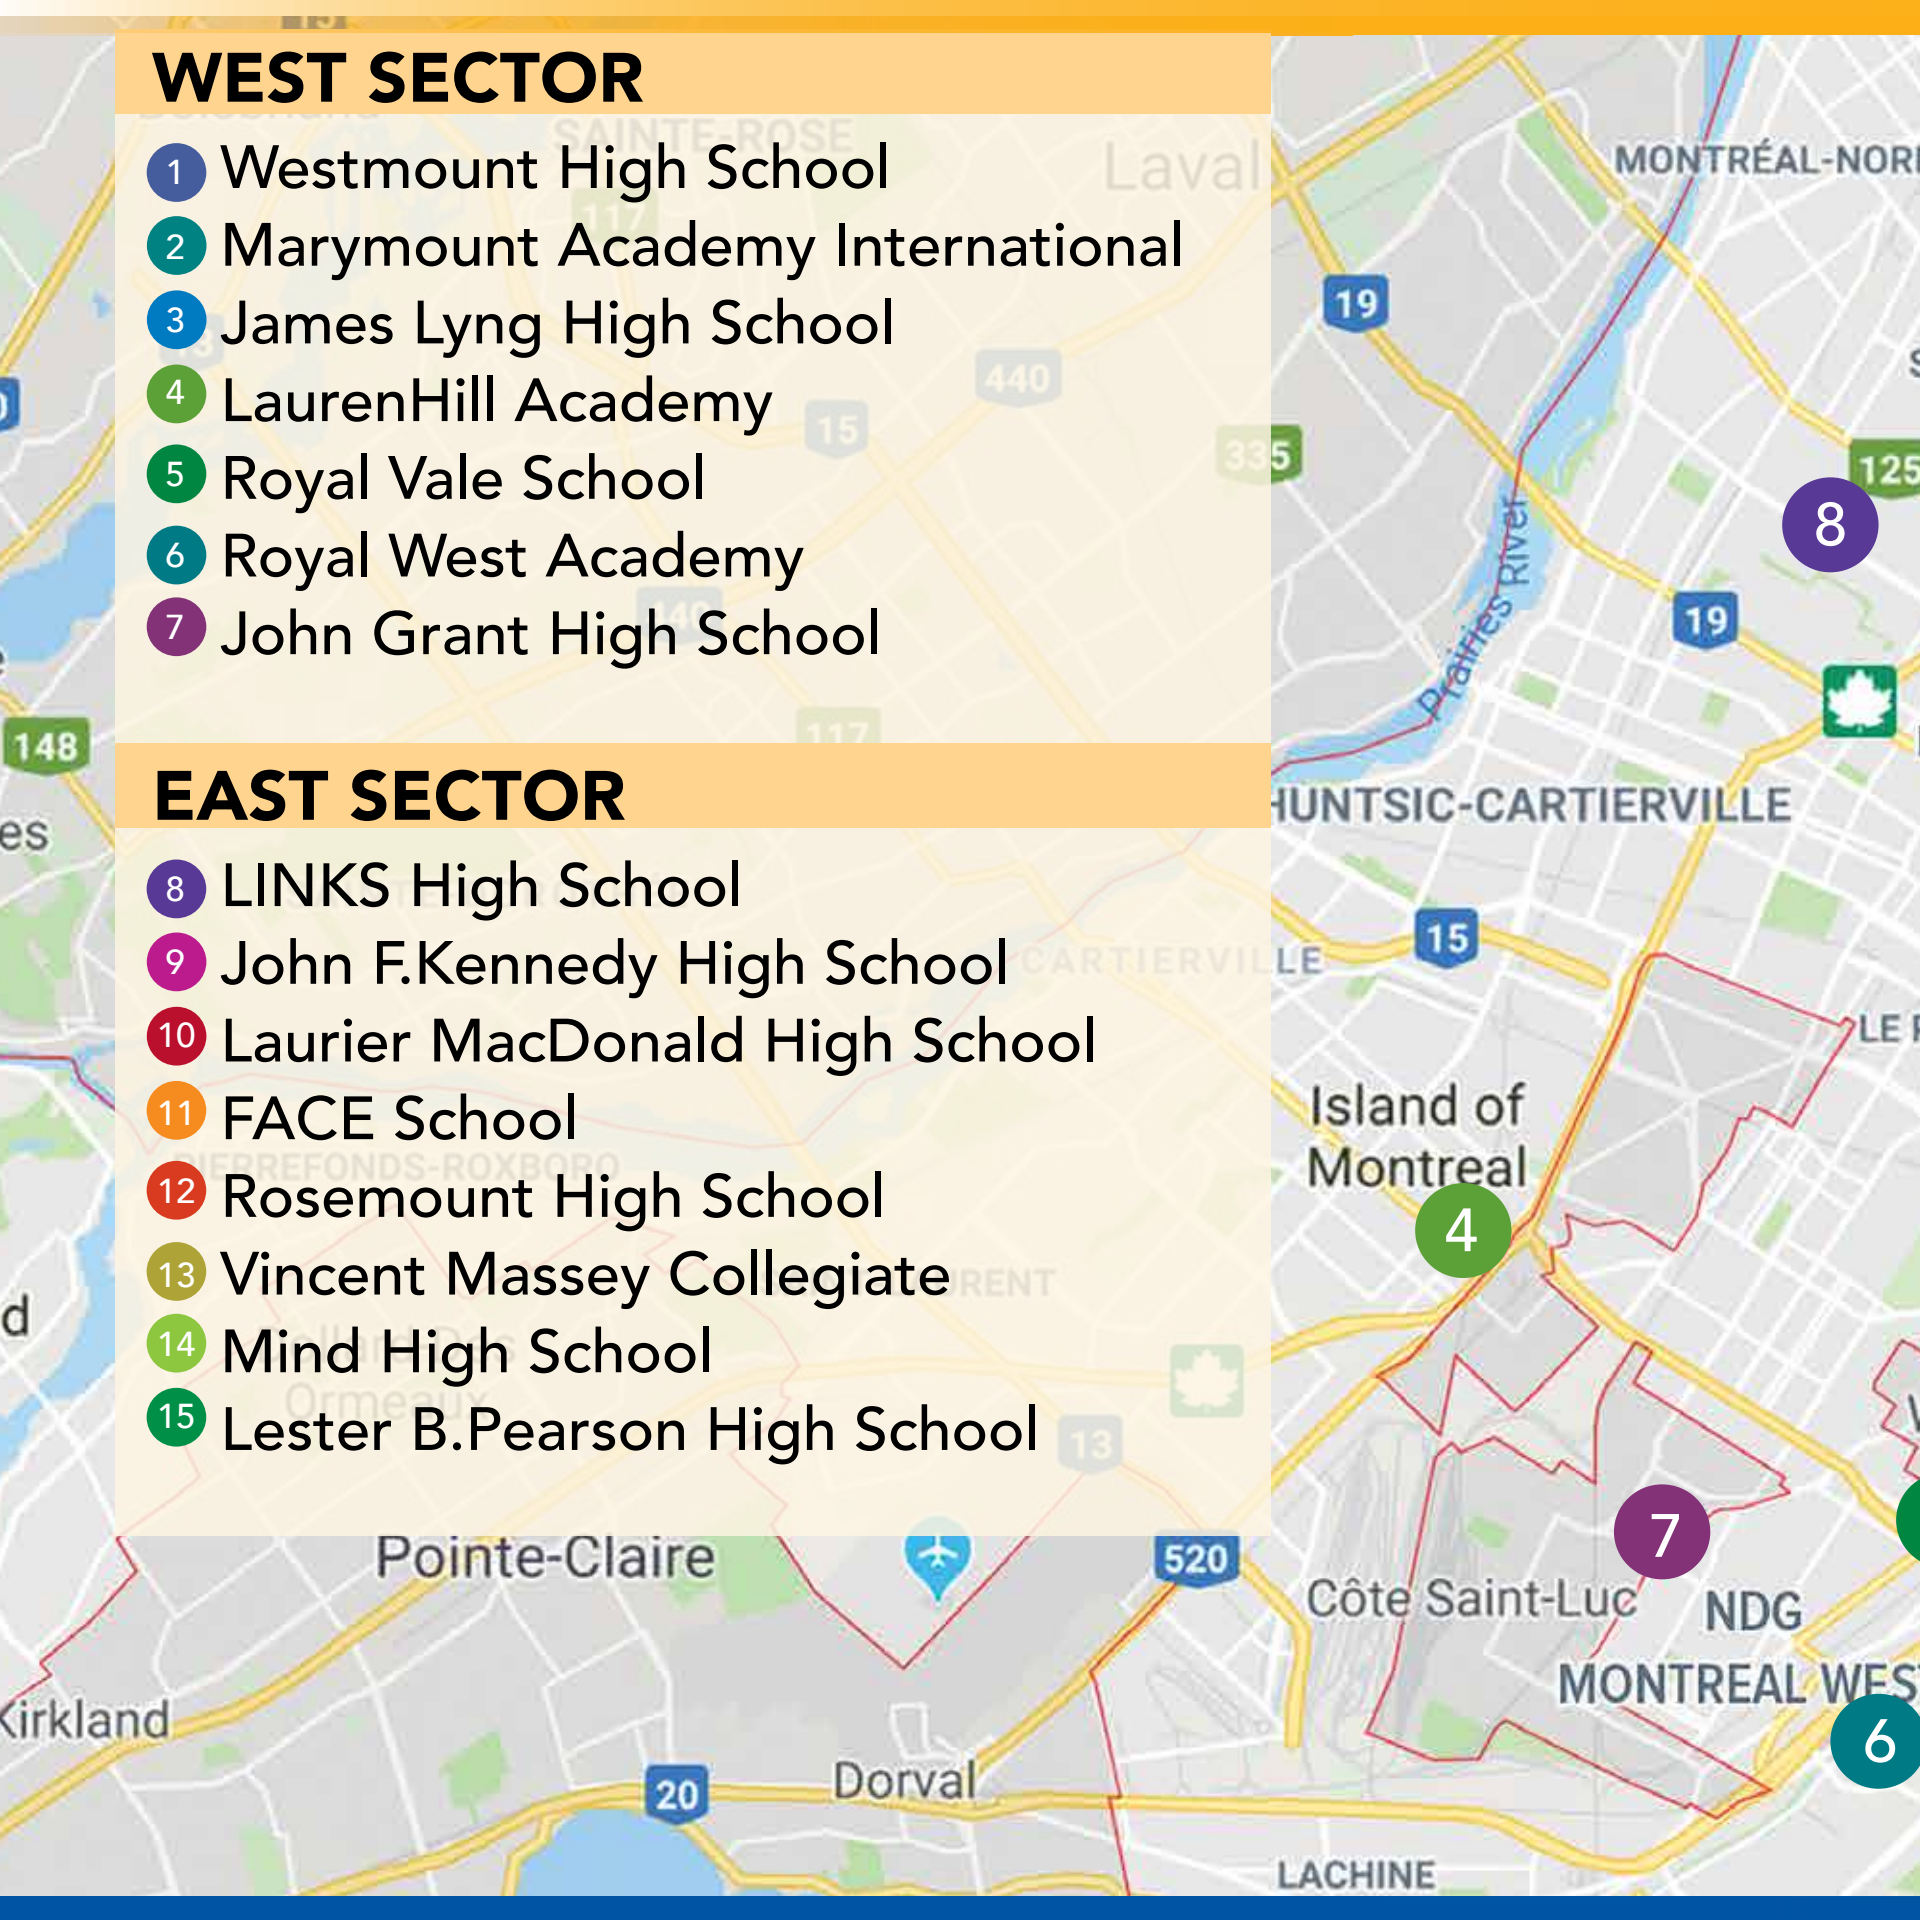

EMSB Director General

James Lyng High School

Located in the South-West borough, James Lyng High School prides itself on being able to identify the needs of its students and provide them with the support and resources to thrive in their school environment and be well prepared for the future.

The school welcomes students of all abilities, whether they require a more hands-on experience approach or the classic five-year academic program. With transition programs into high school for elementary students and additional programs for those transitioning into post-secondary life, the scope of success is vast, whether it be pursuing CEGEP, vocational training or entrepreneurship.

Focus programs

- Supporting All Individual Learners (SAIL)
- Aim High Program
- STEAM Makerspace
- Leadership program
- Homework program

John Grant High School

John Grant High school provides comprehensive programs designed for neurodivergent students. It integrates personalized learning, sensory accommodations and social-emotional support to foster an inclusive and supportive educational environment. It reinforces functional academics, literacy and numeracy, and develops life and work skills.

The students of John Grant may obtain an MEQ certificate if they are enrolled in the Work-Oriented Training Pathway (WOTP) program or in the Challenges program (DÉFIS). Through the school's various partnerships with local organizations and businesses, students participate in meaningful activities and work placements benefiting their development and growth. To enroll at John Grant High School, students are referred by the professionals at their current school with the support of their families. A meeting with the dedicated John Grant school team is organized through case conferences, which take place in the Spring. A personalized school tour outside of the regular open house date can be scheduled to learn more.

Focus programs

- Competency-Based Approach to Social (CASP)
- Work-Oriented Training Pathway (WOTP) program (pre-work training and/or training for a semi-skilled trade)
- Modified Academic Program (MAP)
- Challenges (DÉFIS) program
- Autonomy Preparation Program (APP)

Extra or co-curricular activities

- Student-run cafeteria
- Woodworking and entrepreneurship clubs
- Visual arts club, music program and concert
- Intramural sports and fitness programs
- Hair salon and fashion show
- Volunteering and advocacy programs
- Peers social skill program
- Horticultural and apiculture programs, and in-house pet care program
- Digital literacy and media smarts

Marymount Academy International

Marymount Academy International has a student population that consists of a multitude of different ethnicities, cultures and backgrounds, reflective of the neighbourhood, NDG/ Côte des Neiges, in which it is situated. Adapted and Modified program options provide a learning path for a broad spectrum of learners.

It hosts the largest population of international and temporary stay students for all EMSB high schools and is a true example of inclusivity. The International Baccalaureate Middle Years Program option challenges students to become critical thinkers, global citizens and lifelong learners. Our STEP Resource Centre is a resource support for students who need structured help, an altered pace and occasional individual instruction.

Focus programs

- International Baccalaureate (IB) Middle Years Programme – French Immersion in Years 1 and 2
- Enriched math, science and technology
- French program: Français, programme de base and Français, programme enrichi
- Visual arts and multimedia
- STEP Resource Centre
- Resource Program (adapted for students experiencing academic delays)
- Diversified Learning Path (DLP) – modified program for students with special needs

Extra or co-curricular activities

- IB Community & Service activities
- Art exposition
- Chess club
- Cultural show
- Leadership activities
- Student Council
- Cooking club
- Junior and senior public speaking
- Yearbook club
- Bike club
- Science fair
- Senior concert band
- Steel pan band
- GMAA and intramural Sports
- Music program – wind and percussion Instruments

Royal Vale School

Royal Vale School, located in NDG, is a Pre-K to Grade 11 school, with a math and science focus.

Royal Vale has limited enrolment with admissions granted in Grade 7 by application and qualifying examination results. It stands apart with a strong French program, a dedicated Math/Science curriculum, and a program that teaches critical thinking skills, acceptance, leadership and democratic values. A wide variety of extra-curricular activities and courses that promote leadership roles are available to students. The school's philosophy stresses lateral enrichment, learning through discovery, manipulation and experimentation, and application of knowledge.

Focus programs

- Enriched math, science and technology
- French programs: Français, programme enrichi and Français, international
- Pre-advanced placement and accelerated AP math program (pre-calculus)
- Music concentration
- Sports concentration
- Performing Arts concentration (drama/dance)
- Computer science/Robotics
- Optional grade-level trips

Extra or co-curricular activities

- Annual math competition
- Student Leadership Program
- Student Life Group
- Science fairs
- Advanced robotics
- Numerous sports teams including basketball, cross-country running, golf and more
- Cooking club
- Rock climbing wall
- Dance, Drama club
- Fencing club, Games club
- Gardening club, Glee Club
- Modern fitness centre
- Photography, Band
- Yearbook Committee

F.A.C.E.
École Fine Arts Core Education School

FACE is entering its 50th year of delivering a fine arts education program. The school has a track record of serving a diverse student body united by a common bond: the arts.

Students from the English Montreal School Board and the Commission Scolaire de Montréal have common classes in vocal and instrumental music and often come together for extra-curricular activities. The fine arts program respects the Minister of Education requirements by developing the competencies of interpretation, creation and appreciation. Students gain knowledge in each one of the arts by engaging in the rigor and discipline that comes through exploration, analysis and application. They excel by developing their artistic talents with the support of art specialist teachers, tutors and artists. Through our unique secondary institution housed in a heritage site in downtown Montreal, our students are bonded through a strong and exceptional arts program. Musical instruments are provided by the school.

Focus programs

- Art education in visual art, theater/drama, vocal music, instrumental music and dance
- French: Français, programme de base et programme enrichi
- Enriched math and science

L.I.N.K.S. High School

L.I.N.K.S. High School is an alternative high school for students who have special needs. Its mission is to ensure the growth and development of each student academically, morally, socially and culturally in order to achieve personal independence in society.

Its mission is to ensure the growth and development of each student academically, morally, socially and culturally in order to achieve personal independence in society. Working with the Student Life Coordinator, Flavie - a professionally trained and certified Facility Service Dog through the ASISTA Foundation - plays a vital role in enhancing student well-being across our school community. Having specialized programs leading to certificates in DÉFIS and WOTP, L.I.N.K.S. helps students focus on functional academics, life skills and preparation for the job market. Our students benefit from many support professionals including a guidance counselor, occupational therapist, speech and language pathologist, assistive technology consultant, autism consultant, special education consultant and a TEVA consultant.

Focus programs

- Diversified Learning Pathway (DLP)
- Challenges Program (DÉFIS)
- Competency-Based Approach to Social Participation (CASP) Program
- Autonomy Preparation Program (APP)
- Semi-Skilled Training Certificate (SST)
- Work-Oriented Training Pathway (WOTP)

MIND High School

MIND High School offers a unique, avant-garde approach to teaching the Secondary 1 through 5 Quebec Educational Plan curriculum by creating opportunities for students to participate in cross-curricular and community-based projects. Our small student-to-teacher ratio allows us to foster active, discussion-based learning, as well as critical thinking and analytical skills. The school's main objectives are to prepare students for post-secondary studies and to provide them with a respectful environment in which to do their best work. At MIND, we strive to foster independent learning, to assign collaborative and interdisciplinary projects and to form partnerships with experts in various fields. It is the ideal setting for the thoughtful, creative, diligent student. Learn more about the application process on our [website](#).

Focus programs

- Math program: Cultural, social and technical option; and science option
