

Course:	MUS100		
Teacher:	Mr. Cox	Room:	Studio
E-mail:	gcox@emsb.qc.ca		
Texts/workbooks:	none		
Course description:	<p>A non-traditional music class that draws inspiration from the students' musical preferences. Students will gain skills in instrumental performance, song writing, music production, rapping, singing or recording, depending on their interests.</p> <p>Students' work culminates in the release of a full length mixtape (available at www.upnextrecordings.com), as well as student performances.</p>		

TERM 1 – 20%		
Topics covered	Competencies targeted	
Music creation Music production Basic recording technique Instrumental technique Music appreciation: Universal Musical Concepts (Triplets, Distortion, Reverb/Delay, Swing)	Competency 1: Creates musical works Competency 2: Performs musical works Competency 3: Appreciates musical works	
Evaluation methods	Mark breakdown	Timeline
Portfolio assessments (3): Three assessments chosen by the student as an example of their best work from the term. Examples of portfolio assessments: Instrumental students – learning to play a cover song, writing a song, Beat-making students – an electronic composition of at least one minute in duration, Rapping/singing students – an original verse and chorus (written and recorded).	20%/20%/20% (Competency 1 or 2, rubrics provided)	All three assessments are due at the end of term, although students are strongly encouraged to submit one or more assessments before the end of term.
Journal of Universal Musical Concepts: Students will keep a journal of universal musical concepts that presented to them (with provided notebook or as a google doc). Students are expected to define the concept and write how they can use the concept in their musical practice.	20% (Competency 3)	Students will add to their journals throughout the term during each musical appreciation lesson.

<p>Exercise/Study based on a Universal Musical Concept: Students will choose one of the musical concepts presented to them throughout the term and create a short study that shows they can apply the concept to their practice. They will also reflect on their creation experience.</p>	10% (Competency 1 or 2), 5% (Competency 3)	Assessment will be due at the end of term.
<p>Reflection on progress</p>	Personal reflection on progress (5%)	Reflection at end of term

TERM 2 – 20%		
Topics covered	Competencies targeted
