Informing the School Community

Communication is done via email, messenger board, Google Classroom, the school website and printed materials when necessary (although we encourage paperless as much as possible). Information and marketing to outside community done via social media platforms.

Recommendations

It has been a challenging year due to COVID restrictions. As we begin to recover from the pandemic in our next school year, my recommendations are centered around assisting the emotional well-being of the children. It would be beneficial to increase extracurricular activities and workshops that promote physical activity, teamwork, art and creative play. I also suggest we increase our focus on our technology concentration initiative featuring S.T.E.A.M. The marketability of our school can be enhanced if we strengthen our TECH presence and increase our sports programs.

Chairperson's message

It has been a pleasure to represent the school this year during an unprecedented time that brought upon many challenges. The pandemic imposed lots of changes and has disrupted the natural environment for our teachers, staff, parents and children. It saddened me that we weren't able to connect in person, but I am hopeful that better days are coming and that the love we have for our school will allow us to continuously rise above all obstacles that come our way. I am most proud of the way we have harmonized with St. Dorothy's school to become one family; whose main purpose is the education and well-being of our children. Their presence within our school and on our governing board has been beneficial and valuable.

To all staff, teachers and Ms. Ancona, a big thank you for all you do. You are the most important factor in our children's growth and development. To my fellow parents, thank you for your time and support, the efforts we are putting in are making a difference.

We must continue to stand together and work towards helping our wonderful school thrive! We will continuously be faced with the challenge of enrollment and must work hard next year by focusing on increasing the visibility and marketability of our school.

Best Regards,

Cynthia Di Bacco
