

YOU WILL BE PART OF A NETWORK

The PPO is an opportunity to meet a group of like-minded parents who share a common goal of improving the school for the educational benefit of all students.

IT'S GOOD FOR YOUR CHILD

Research shows that children whose parents are involved at their school get better grades and have fewer disciplinary issues.

YOU WILL GET CONNECTED

Being in the PPO is a great way to make informal connections with teachers and administrators, to find out what's going on at the school, and hear about decisions and changes made.

7 REASONS TO JOIN OUR PPO

YOU WILL BE A GREAT ROLE MODEL

Demonstrate first-hand to your children how much you value them and their education.

It's a great way of saying "I care about you".

IT'S SO FLEXIBLE

There are a variety of ways you can become involved with the PPO. Whether you work full-time, part-time, or are a stay-at-home parent, there's an opportunity to make a significant contribution, no matter how big or small.

YOU WILL MAKE A DIFFERENCE!

You will be able to use your skills to contribute to the school community.

Your voice and your ideas will have a positive impact on enriching your child's education.

YOU WILL BE DEMONSTRATING THE IMPORTANCE OF COMMUNITY SERVICE

Volunteering and being engaged in the school holds great power for children. "Adolescents whose parents are active volunteers in a community are more likely to become volunteers as adults" AND... never underestimate how much your child will enjoy having you in school.

HAVING FUN WITH A PURPOSE
