

Westmount High School

Established in 1873

A College Board Advanced Placement School

Subject:	Wood Shop (WDEXP)
Grade:	Secondary 5 (C2, Y3). Optional course

Objectives

Working in the Wood Shop is intended to broaden and enhance the student's professional and personal skills. Students will learn safety procedures, organization, planning and execution of short term and long term projects, cooperation with others, and knowledge of woodworking tools/machines. Furthermore, through an application of solid work ethics, students have the opportunity to develop self-respect, maturity, and a confidence that comes with high quality work and concrete success. Finally, students are expected to plan and complete a number of woodworking projects, both individually and in teams, that they choose, or is provided by the instructor, depending on their level of experience
