

KCU Research Symposium - GME Research Day

Friday, April 10th, 2026

Each resident has 4 minutes to present and 1 minute for Q&A.

CST

Live Virtual Link: <https://kcuconferencing.zoom.us/j/86423567410>

7:00 AM	Welcome Message Dr. Kerrie Jordan, DIO
7:05 AM	Mammary Paget Disease Masquerading as Chronic Nipple Eczema Gavin Cardwell, DO, Kansas City University/ADCS - Orlando Dermatology
7:10 AM	A Rare Presentation of Merkel Cell Carcinoma on the Heel of the Foot: A Case Report Nathaniel Marroquin, DO, Kansas City University/ADCS - Orlando Dermatology
7:15 AM	Developing Boards Relevant Material - A Guide To Treatment for Actinic Keratosis American Academy of Dermatology Boards Fodder Nathaniel Marroquin, DO, Kansas City University/ADCS - Orlando Dermatology
7:20 AM	Hand Nerve Blocks – American Academy of Dermatology Boards Fodder Gavin Cardwell, DO, Kansas City University/ADCS - Orlando Dermatology
7:25 AM	Dermatofibrosarcoma Protuberans (DFSP): A case of a CD34-Positive DFSP without PDGFB Rearrangement Shannon Hart, DO, Kansas City University/ADCS - Orlando Dermatology
7:30 AM	Enhancing Dermatology Rotation Preparedness: A Quality Improvement Initiative for Medical Students Shannon Hart, DO, Kansas City University/ADCS - Orlando Dermatology
7:35 AM	Tattoo-Preserving Strategies in Dermatologic Surgery: A Case Series Jay Nguyen, DO, Kansas City University/ADCS - Orlando Dermatology
7:40 AM	Sequential Coronary and Vertebral Artery Dissections in a Young Female: The Critical Role of Timely Computed Tomography Angiography Amal Sobeih, MD, Kansas City University/Reid Health Family Medicine
7:45 AM	No Pain, No Gain...No Flow: Effort Induced Axillo-subclavian Vein Thrombosis Rohit Shrestha, MD, Kansas City University/Reid Health Family Medicine
7:50 AM	When Allopurinol Suppresses More Than Uric Acid: A Case of Drug-Induced Myelosuppression and Ecthyma Gangrenosum Vivek Roy, MD, Kansas City University/Reid Health Family Medicine
7:55 AM	Heartburn From the Heart: Pericardial Effusion Masquerading as Gastroesophageal Reflux Disease Sasha Johnson, MD, Kansas City University/Reid Health Family Medicine
8:00 AM	The Impact of Increased CGM on A1c in a Residency Clinic Jesse Smallwood, DO, Kansas City University/Reid Health Family Medicine
8:05 AM	Not All That SIRS Is Sepsis: A Thyroid Storm in Disguise Natalia Rosca, MD, Kansas City University/Reid Health Family Medicine
8:10 AM	From Injection to Infection: A Case of Intravenous Drug Use-Associated Tricuspid Valve Endocarditis with Multisystem Septic Complications Victor Odoma, MD, Kansas City University/Reid Health Family Medicine
8:15 AM	Treatment backfires, a toxic twist: allopurinol-induced neutropenia and ecthyma gangrenosum. Chibuzor Madu, MD, Kansas City University/Reid Health Family Medicine
8:20 AM	A Gut Feeling Gone Wrong Muhammad Ali Siddiqui, MD, Kansas City University/Reid Health Family Medicine
8:25 AM	Gastric band gone rogue: intragastric migration 19 years after laparoscopic adjustable gastric banding (LAGB). Chibuzor Madu, MD, Kansas City University/Reid Health Family Medicine
8:30 AM	Tacrolimus toxicity presenting as transient ischemic attacks Lorraine Lorenz, DO, Kansas City University/Reid Health Family Medicine

8:35 AM	NORTHERA (Droxidopa) for temperature instability associated with autonomic dysfunction Lorraine Lorenz, DO, Kansas City University/Reid Health Family Medicine
8:40 AM	Amiodarone Pulmonary Toxicity Complicating Bilateral Infectious Pneumonia in Vulnerable Patient Samuel Griffin, MD, Kansas City University/Reid Health Family Medicine
8:45 AM	Resident Burnout: Change in Clinic Schedule and its Impact Christine Miller, DO, Kansas City University/Reid Health Family Medicine
8:50 AM	Veiled in Darkness: The Pneumonia Mystery Sadia Khan, MD, Kansas City University/Reid Health Family Medicine
8:55 AM	Spontaneous Tumor Lysis Syndrome in Metastatic Small Cell Carcinoma of the Cervix Tehreem Akhtar, MD, Kansas City University/Reid Health Family Medicine
9:00 AM	Hypertriglyceridemia-Induced Acute Pancreatitis With Euglycemic DKA Vikram Gill, DO, Kansas City University/Reid Health Family Medicine
9:05 AM	Multiple Copperhead Bites in the Upper Extremity of an Adult Female Nathan Piccoli, DO, Kansas City University/Freeman Emergency Medicine
9:10 AM	What if all answers are wrong? Internal error rate in Emergency Medicine practice In-Training Exams Jay Reynolds, DO, Kansas City University/Freeman Emergency Medicine
9:15 AM	Spontaneous Adrenal Hemorrhage David Jeffs, DO, Kansas City University/Freeman Emergency Medicine
9:20 AM	VIP Syndrome - Deviation from standard of care resulting in delays in diagnosis and treatment Daniel Wright, DO, Kansas City University/Freeman Emergency Medicine
9:25 AM	TEN MINUTE BREAK
9:35 AM	Promotion of breastfeeding by improving access to lactation spaces at Freeman Health System Ashley McCleary, DO, Kansas City University/Freeman Family Medicine
9:40 AM	Improving Well Woman Exam Efficiency and Comfortability in an Academic Family Medicine Clinic Kayla Wooldridge, DO, Kansas City University/Freeman Family Medicine
9:45 AM	Ultra-responder to GIP/GLP-1 therapy (Tirzepatide) Robert Morris, DO, Kansas City University/Freeman Family Medicine
9:50 AM	Methotrexate-Induced Pneumonitis in a 71-Year-Old Female with Rheumatoid Arthritis: A Case Report Jacob Delcours, DO, Kansas City University/Freeman Internal Medicine
9:55 AM	Acute on chronic aortoiliac occlusion with bilateral limb ischemia complicating high-risk NSTEMI and stress cardiomyopathy Abhishek Premkumar, DO, Kansas City University/Freeman Internal Medicine
10:00 AM	High-risk multivessel Percutaneous Coronary Intervention complicated by retroperitoneal hemorrhage, limb ischemia, and antiplatelet resistance Abhishek Premkumar, DO, Kansas City University/Freeman Internal Medicine
10:05 AM	Paget-Schroetter syndrome revealing venous thoracic outlet syndrome in a young woman Abhishek Premkumar, DO, Kansas City University/Freeman Internal Medicine
10:10 AM	Filamin C-associated dilated cardiomyopathy with transient functional improvement and fatal ventricular arrhythmia despite multidisciplinary care Abhishek Premkumar, DO, Kansas City University/Freeman Internal Medicine
10:15 AM	Metastatic triple-positive male breast cancer: diagnostic, genomic, and multidisciplinary management in a 44-year-old man Sophia Day, DO, Kansas City University/Freeman Internal Medicine

10:20 AM	Gluteal Compartment Syndrome Following Prolonged Immobilization in the Setting of Polysubstance Use: A Two-Patient Case Series Daulton Sauce, DO, Kansas City University/HCA Midwest - Research Orthopaedic Surgery
10:25 AM	Supplemental medial column screw fixation for distal femur periprosthetic fracture treated with lateral distal locking plate: a case report Nicholas Scigliano, DO, Kansas City University/HCA Midwest - Research Orthopaedic Surgery
10:30 AM	Idiopathic Presentation of Parsonage-Turner Syndrome in Two Patients: A Case Series Logan Druessel, DO, Kansas City University/HCA Midwest - Research Orthopaedic Surgery
10:35 AM	Presentation and Technical Application of External Fixator Kickstand with De-rotational Bar Modification Speros Gabriel, DO, Kansas City University/HCA Midwest - Research Orthopaedic Surgery
10:40 AM	Opioid Prescribing Patterns Following Isolated Trigger Finger Release: A Single-Institution Quality Improvement Study Brandalynn Mathis, DO, Kansas City University/HCA Midwest - Research Orthopaedic Surgery
10:45 AM	Psychiatric Presentations Associated With Kratom Use: A Review of Reported Psychosis Cases Mahad Baig, MD, Kansas City University/Ozark Center Psychiatry
10:50 AM	Outcomes in 35 Children with Hyperopia Implanted with Phakic Ophtec IOLs James Liu, DO, Kansas City University/St Luke's Chesterfield Family Medicine
10:55 AM	The nonspecific ocular and otic manifestations of neurosyphilis Kailyn Baalman, MD, Kansas City University/St Luke's Chesterfield Family Medicine
11:00 AM	Incidental High-Grade Goblet Cell Adenocarcinoma Identified During Laparoscopic Appendectomy Megan Crotts, DO, Kansas City University/St Mary's Surgery
11:05 AM	Crural Dissection During Hiatal Hernia Repair Complicated by a Vasular Anatomic Variant Jesse Rincon, DO, Kansas City University/St Mary's Surgery
11:10 AM	Case Report: Intestinal Tuberculosis Ben Murrell, DO, Kansas City University/St Mary's Surgery
11:15 AM	A Unique Finding: Aberrant Accessory Cystic Duct Rachel Black, DO, Kansas City University/St Mary's Surgery
11:20 AM	Robotic Assisted Laparoscopic Detorsion of Gallbladder Volvulus: A Case Report Augustine Nguyen, DO, Kansas City University/St Mary's Surgery
11:25 AM	Review of radar localized excisions of non-breast lesions Mollie Mustoe, MD, Kansas City University/St. Anthony Surgery
11:30 AM	Pathologic Complete Response in HER2/neu-positive Breast Cancer Treated Without Chemotherapy Michelle Won, DO, Kansas City University/St. Anthony Surgery
11:35 AM	Extended "Fold-under" Tensor Fascia Lata Flap for Recalcitrant Trochanteric Pressure Ulcers: A Case Series Xixi Cao, MD, Kansas City University/St. Anthony Surgery
11:40 AM	Carotid Body Tumor Presentation, Management, and Outcome - an Institutional Perspective Xixi Cao, MD, Kansas City University/St. Anthony Surgery
11:45 AM	Iatrogenic colon injury during chest tube placement due to missed traumatic diaphragmatic hernia: A case report Samantha Hutzley, DO, Kansas City University/St. Anthony Surgery
11:50 AM	TEN MINUTE BREAK
12:00 PM	Closing Remarks and Awards Dr. Kerrie Jordan, DIO
