

Kansas City University SIMPACT Annual Report

Fiscal Year: 2025/2026

Department: Kansas City University SIMPACT

Prepared by: Rebecca Bowden, PhD, CHSE, CHSOS

Executive Summary

Accomplishments

- Delivered 22,701 hours of curricular simulation across diverse clinical scenarios.
- Served 1,695 unique learners across multiple programs.
- Completed transition to Elevate Learning Space improving operations and data tracking.
- Achieved full ASPE accreditation in Human Simulation.

Challenges

Ongoing technology upgrades and maintenance.

Future Outlook

- Preparation for SSH accreditation.
- Alignment of policies with national standards.

Key Statistics

Total curricular simulation hours: 22,701

Student club hours: 1,723

Community simulation hours: 150

Total unique learners served: 1,695

Total SIMPACT Hours: 28,077

Simulation Delivery by Modality

SP-based: 12,244 hours (53.9%)

Procedure-based: 7,595 hours (33.5%)

Manikin-based: 2,862.5 hours (12.6%)

Total: 22,701

Operational Time & Effort

SIMPACT requires approximately **30% additional time** beyond direct instructional hours for programming, setup, training, and administrative activities, consistent with industry standards.

Policy Implementation & Quality Assurance

- Continued enforcement of simulation recording policies ensuring transparency and ethical use.
- Maintained SP confidentiality and compliance standards.
- Upheld equipment maintenance protocols for safety and reliability.
- Continued psychological and physical safety policy implementation.
