

Amazon Hub program

Did you know there are about 200 million Amazon Prime members in the U.S.? Health Mart[®] pharmacies can now leverage Amazon's reach by bringing the convenience of package delivery into their pharmacy.^{*}

Benefits of enrolling in Amazon Hub:

Drive store visits.

Each package delivered means a potential new customer may enter your pharmacy.**

Convert foot traffic into loyal customers.

Once in store, customers will likely spend more. Turn additional traffic into customers and additional sales by offering prescription transfers, immunizations and front-end items.

*https://www.aboutamazon.com/news/company-news/2020-letter-to-shareholders

**Participating Health Mart pharmacies receive 50 packages on average per month and some received up to 200 packages per month during the holiday season.

How it works

Customer selects local Health Mart pharmacy as their package pickup location.

Amazon delivers the package to your pharmacy. You can control the volume of packages delivered.

Customer enters the store: you scan their pickup code and retrieve their package.

Get started with these easy steps:

People are excited to find out that

we are a family-owned pharmacy and that we carry so many of the products they use. What starts as a convenient place to pick up their

packages becomes a destination.

PAM MAROUESS Owner of The Marquess Group

- Fill and submit enrollment form on 1. myHealthMart
- 2. Sign Data Rights and Amazon **Operations agreement**
- 3. Activate your pharmacy's device
- 4. Start receiving packages!
