

Register now: New Town Hall CE session on med sync

Get in Sync! Take the first step to more success.

Register today to learn why medication synchronization (“med sync”) is integral to your pharmacy business. Join us for a complimentary, interactive peer-to-peer workshop about how implementing med sync will help you:

- Increase operational efficiencies to free up time in your pharmacy
- Reduce expenses and grow revenue to improve your bottom line
- Improve your clinical performance and gain recognition from payers/PBMs for your quality outcomes

What's Covered

- Understand how med sync will help you transition your business from reactive prescription filling to an appointment-based model that's proactive and patient-centric
- Learn the seven steps to creating a med sync process that will work for your pharmacy
- Get time-saving tips and a program-agnostic med sync playbook to prepare for implementation and avoid pitfalls as you make changes
- Hear practical examples of how other owners and their pharmacy teams overcame barriers
- Leave with a med sync 30-60-90-day action plan for your pharmacy
- Network with your peers during dinner to find out what's working at their pharmacies

A Vehicle for Change

During our last two series of Town Halls, we discussed why pharmacy quality measures and your ability to drive positive patient outcomes are so important. Health Mart® believes implementing med sync is not only a way to improve your pharmacy performance. We believe it's also the next step to help you evolve in a changing industry that's putting more stress on your business and enables you to leverage your competitive advantage — your strong, personal relationships with your patients. Now, it's just a matter of aligning your business model and how you operate to help you level the playing field. Let us help you get started.
