

Stay ahead of your competition. Boost your efficiency today.

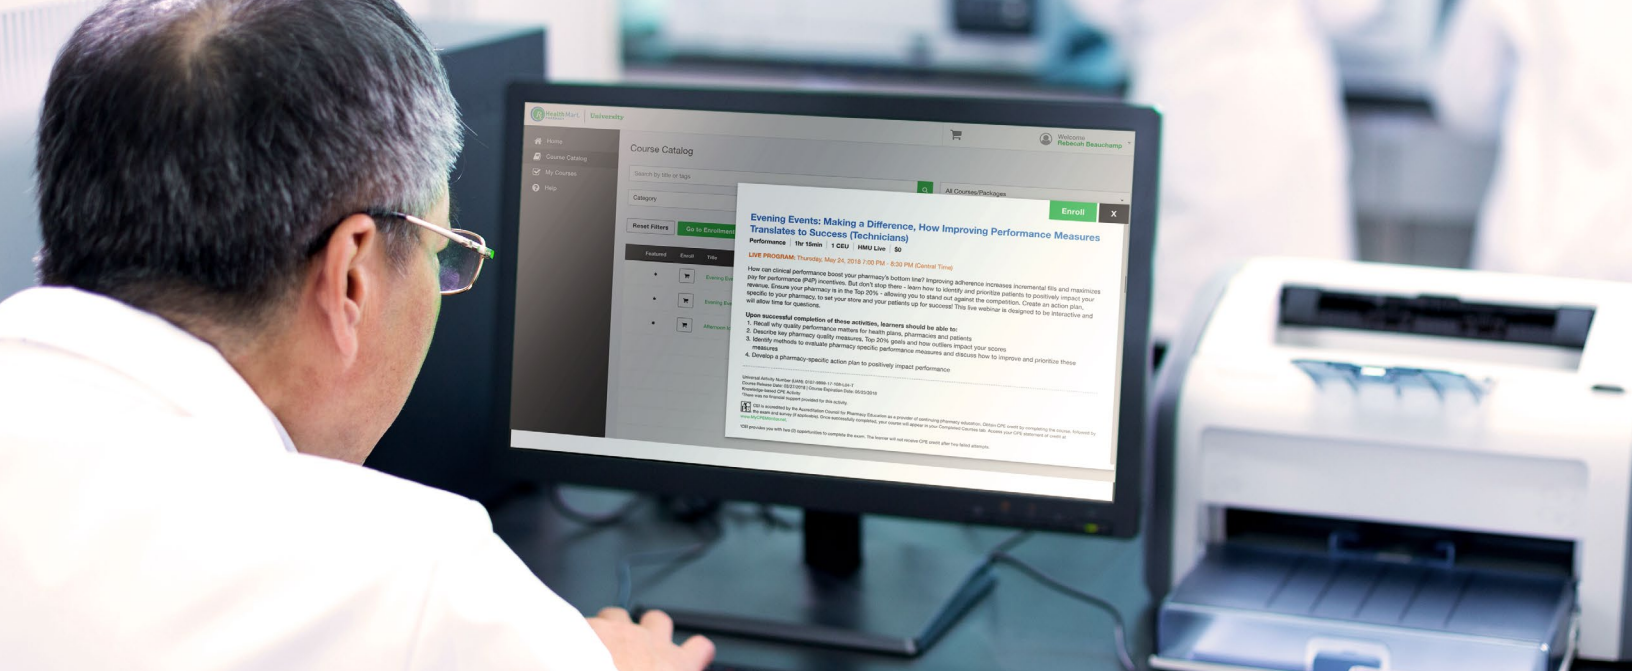

You want to do pharmacy your way. That's why you're independent. But, that doesn't mean you need to do it alone. You need tools and resources you can count on to be efficient and profitable. We have you covered with a suite of Health Mart® operations tools that is constantly refreshed.

We've also heard your requests to make it easy. So, as we continue down the path of improving the tools for you, we've made them simpler and more intuitive.

Now, each of the tools you'll find here are accessible easily through myHealthMart, making it truly, Your Health Mart Home. And, this goes for your whole team. Make sure everyone in your pharmacy has access to myHealthMart, so they don't miss out on any valuable resources or educational opportunities. Your store's Administrator can choose what tools and information each user sees, so myHealthMart is compatible with any role in your business.

Log in to **myHealthMart.com** to access and learn more about compliance support and business efficiency through Health Mart's programs and services.

Health Mart University

What is it?

A dynamic training tool tailored specifically for independent pharmacy that helps you and your staff learn how to run a best-in-class pharmacy. You'll find a variety of courses with topics such as:

- Adherence and performance
- Clinical skills
- Medication synchronization
- Immunizations
- Financial training
- Regulatory updates
- Pharmacy operations

Health Mart University also offers several courses with CE credits for pharmacists and technicians.

What's new?

This April, Health Mart University changed platforms. You'll now find new ways to learn with shorter courses, audio recordings, video programs and an expanded menu of live sessions.

For team leaders

A new dashboard lets the administrator assign courses and quickly see the progress of their employees.

For technicians

A new series of training courses is available for technicians. These interactive courses are perfect for new and seasoned technicians.

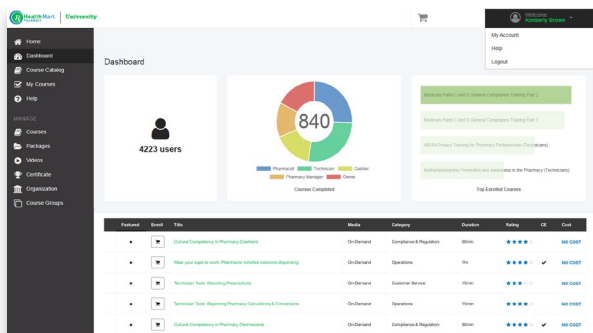

HMU Live

Monthly webinars are offered for all employees. It is easy to register and get reminders for upcoming sessions.

Compliance training, included

As an added bonus, the new Health Mart University offers standard compliance courses at no additional charge. These courses include:

- Bloodborne Pathogens
- Medicare Parts C and D Fraud Waste and Abuse training
- HIPAA
- Methamphetamine training
- Cultural Competency

New admin dashboard for team leaders.

Now featuring courses for technicians of all levels.

Pharmacist's Letter™

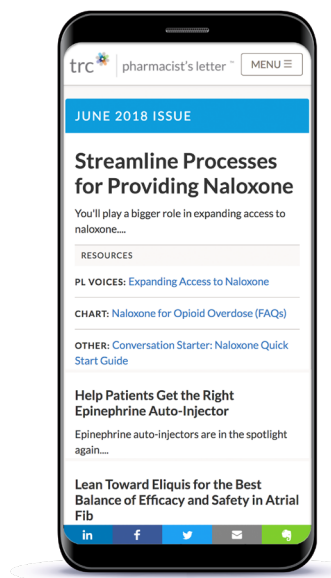

What is it?

The leading resource for information on clinical education, drug therapy recommendations and clinical decision support tools. Pharmacist's Letter complements our Health Mart University training website to bring you additional tools and resources to support your clinical expertise.

What's new?

Pharmacist's Letter recently updated their website. It now features:

- Easier ways to find the answers for your patients and your practice
- A modern design and simple navigation
- Mobile-optimized features so you can visit from your phone or tablet
- Expanded options for attending live CE programs without leaving your home or pharmacy

Pharmacy Technician's Letter™

What is it?

Now included in your Health Mart membership, Pharmacy Technician's Letter is the leading clinical information and educational resource for pharmacy technicians. This means technicians now have access to the latest medication news and dispensing and error prevention resources. They'll also be able to track and meet state and/or national certification requirements. They can do all of this now at no additional cost to you.

What's new?

Technician's Letter recently updated its website. It is now easier for technicians to:

- Get the education you need to maintain licenses and certifications
- Navigate, using the simple, modern design
- Use the site on mobile
- Enroll and participate in CE courses from anywhere

Check the complete calendar of live CE courses to be sure you have all the credits you need.

Results Optimizer

What is it?

An interactive tool that helps you make informed business decisions. Using your data, the modules walk you through complex clinical and business topics. The results are specific to your store and will guide you straight to the resources you need to make informed decisions about your business.

What's new?

Many new modules have been added to the tool. Here are a few things you can get started on today:

- Get a review of plans with DIR fees that are impacting your pharmacy
- Learn how adherence can impact your DIR payments
- Learn how immunization services can grow your business

Bula Intelligence

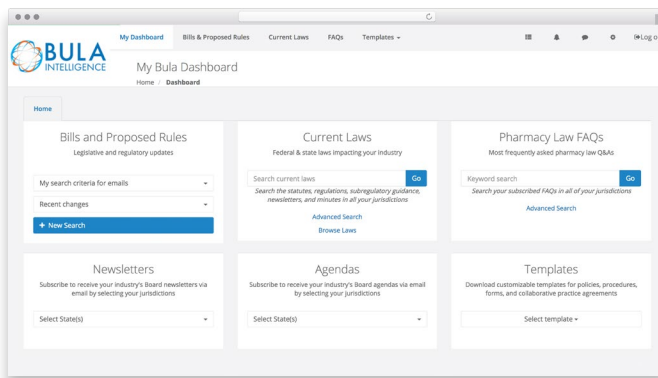

What is it?

This exclusive regulatory resource powered by Bula Intelligence helps you stay compliant and avoid surprises. Bula Intelligence is updated quickly when laws and regulations change. You can receive timely email alerts when laws affecting your pharmacy change. Plus, access templates for your policies and procedures manual and collaborative practice agreements.

What's new?

The updated platform includes:

- Faster navigation and easier customization
- New topics
- Alerts you can set for specific jurisdictions
- Databases where you can search federal and state law
- Meeting agendas and newsletters for all jurisdictions.

myHealthMart Tip

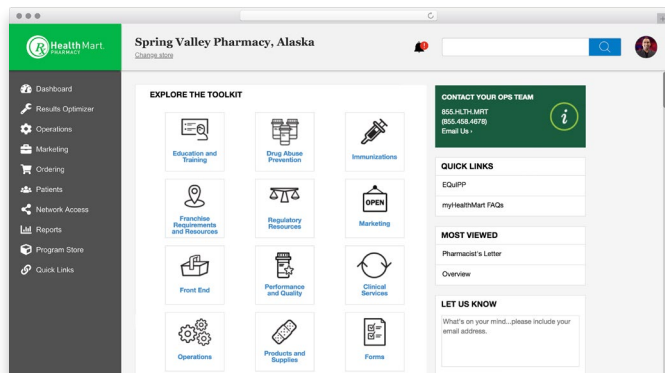

Spring Valley Pharmacy, Alaska
[Change store](#)

Use the Search box located on the home page of myHealthMart to quickly pull up information about products and programs. You'll notice as you start typing that it provides suggestions to make your search faster. This is a great way to learn about everything available through myHealthMart!

Same great tools included in your Health Mart member benefits

Purchasing Advantage

What is it?

A program that provides price savings on over 20 business products and services important to pharmacy professionals.

Why use it?

Save money! Health Mart leverages the strength of the franchise to provide discounts from 5–40% on essential services and supplies. Office supplies, shredding services, newsletter subscriptions, shipping and membership fees are all options in the program.

Natural Medicines

What is it?

A comprehensive database for information on nontraditional remedies. Topics include these and many more:

- Foods
- Herbs and supplements
- Health and wellness
- Sports medicine

Natural Medicines also includes CE courses and tools to better help you direct your patients to the appropriate natural medicines.

Why use it?

Expand your customer base by appealing to those who use homeopathic remedies. Broaden your expertise in nutrient depletion caused by prescription and over-the-counter medications. And, take evidence-based CE/CME courses on clinical management of disease states and medical conditions.

View all of these tools and more by logging into myHealthMart.
