
Realize Your Business Potential with Mitsubishi Electric

**RESIDENTIAL
SUMMIT™
PROGRAM**

Hitoshi Namba

PRESIDENT AND CEO, MITSUBISHI ELECTRIC SALES CANADA INC.

Dear Valued Residential Summit Program Partner,

At Mitsubishi Electric, we believe strong partnerships are the foundation for market leadership. That's why we partner with dedicated dealer businesses—to grow the Mitsubishi Electric brand, expand market reach, and drive your success. Together, we're shaping the future of heating and cooling solutions.

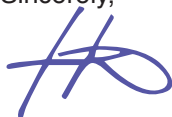

Your expertise and commitment set you apart. As a Mitsubishi Electric dealer, you're recognized as an innovator and a trusted leader—someone who takes pride in delivering quality and reliability. Since 1979, we've shared these same values, innovating technology solutions that Canadians trust in their homes and businesses.

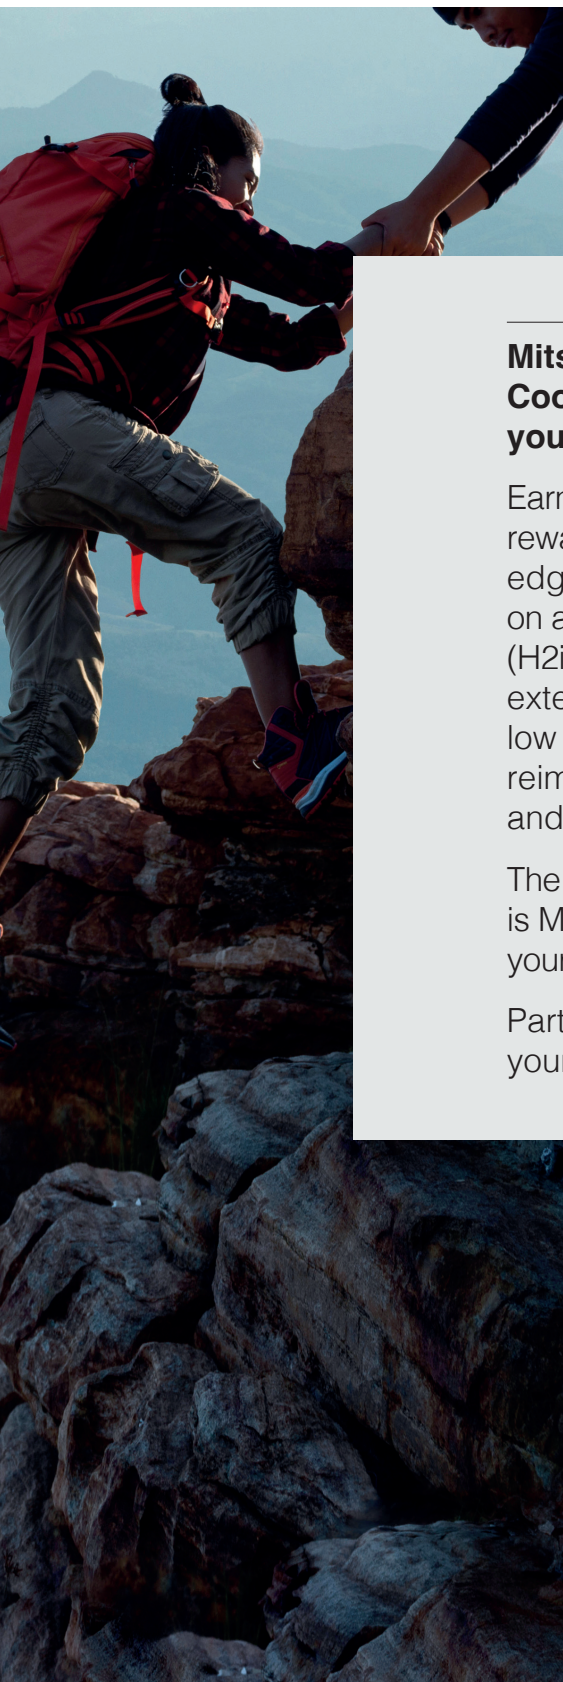

Our partnership goes beyond products. With robust marketing support and strategic co-op programs, we provide the tools you need to grow your business and connect with more customers. By working together, we keep your business at the forefront of the industry.

Thank you for your dedication to excellence. Let's continue to lead the market and make a difference for the people and communities we serve.

**Partner with Mitsubishi Electric. Lead with innovation.
Build your success.**

Sincerely,

Mitsubishi Electric Heating and Cooling is dedicated to helping your business thrive.

Partner with us today and elevate your business.

Reach for the Summit to Maximize your Rewards

The Residential Summit Program is a three-tier system that dealer businesses are invited to join. Upon joining, your business advances based on its growth—the more you purchase, the higher you climb.

Advance through the program based on your purchases:

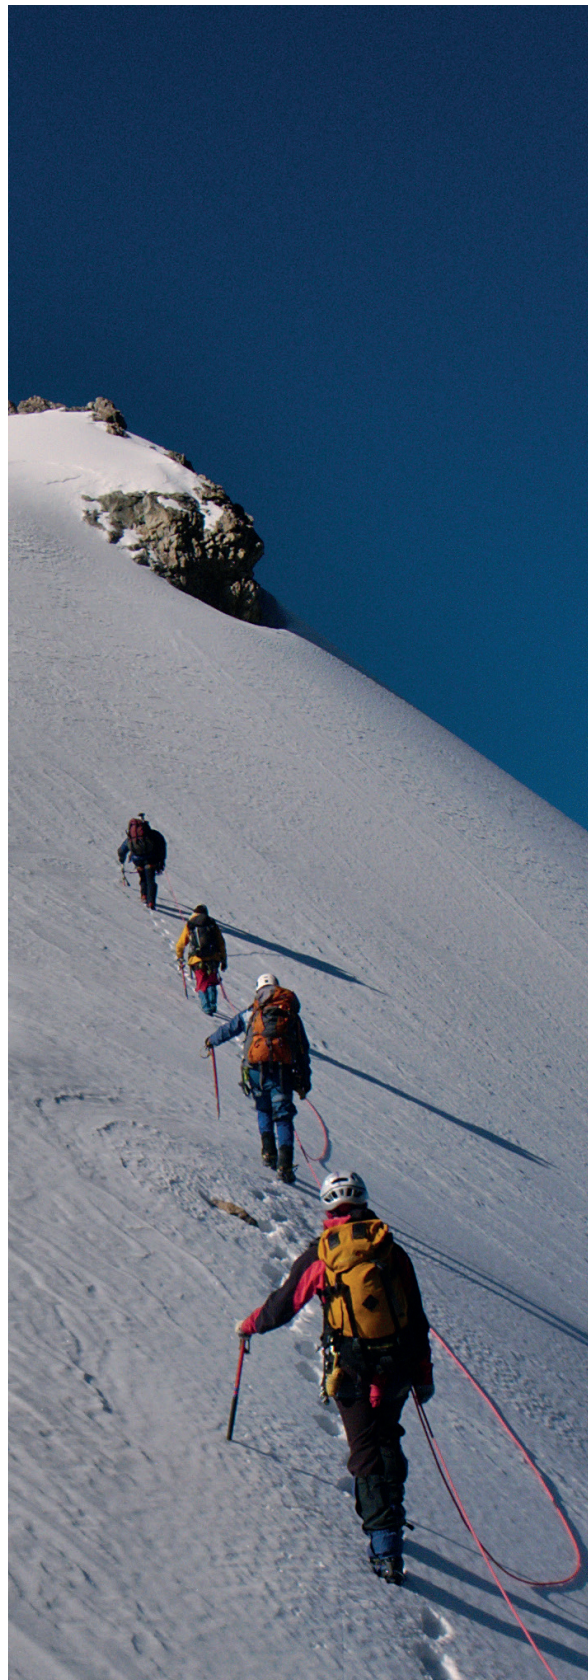

\$50,000 to \$149,000 gets you
Base access;

\$150,000 to \$249,000 Ascent;

\$250,000+ Summit.

Each tier unlocks more rewards, with progress based on monthly purchase achievement.

Mitsubishi Electric annually reviews the dealer businesses' performance to ensure continued program eligibility.
