

P4P's STRATEGIC FRAMEWORK (2022-2025)

With input from families, staff, board and other key stakeholders, we have identified several strategic priorities. These priorities form a plan that will expand and enhance the services and resources we offer to families. Over the next three years, this framework will act as a guide in decision-making. It will also move us towards our vision for Ontario where people who have a disability enjoy a life that is rich in caring relationships, feels safe and secure, is valued and where people have choice and autonomy.
